Dr. Bennett Mui opens Orthodontics office on Sandiford Drive

Good news for adults and children of Stouffville

The personable Dr. Bennett Mui, who has been with Shapero & Mui Orthodontics for the past 10 years, opened his own Stouffville location this past August. Located conveniently below the municipal offices at 37 Sandiford Drive, this is very good news for both children and adults in need of teeth straightening!

Dr. Bennett Mui obtained his BSc and DDS degrees from Trinity College and Faculty of Dentistry, University of Toronto. Between 1996 and 1997, Dr. Mui spent a year doing a hospital internship at St. Michael's Hospital, where he subsequently served as staff dentist until the closing of the hospital's dental clinic. Following that he practiced a year of general dentistry in Scarborough before being accepted into New York University for his specialty program in orthodontics. Dr. Mui returned to Toronto and joined Dr. Barry Shapero at the Markham clinic of Shapero & Mui Orthodontics in 2001. Dr. Mui is a diplomate of American Board of Orthodontists, a fellow of the Royal College of Dentists of Canada and an active member of American, Canadian and Ontario Association of Orthodontists

Dr. Mui takes pride in making his patients' orthodontic experience a pleasant and comfortable one. His patients can trust they are receiving the highest quality care. He always puts his patients first and it shows in his Stouffville office as it maintains a comfortable and inviting atmosphere.

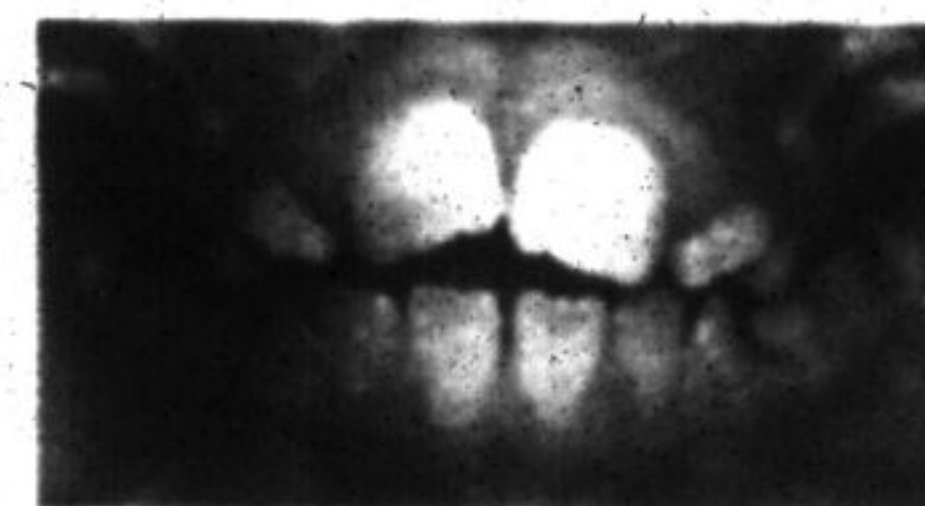

For most people, a beautiful smile which improves their self-confidence is the most obvious benefit of orthodontics. However, Dr. Mui points out that the benefit of improved oral health is just as important.

Orthodontic principle is by placing a constant, gentle force in a carefully controlled direction, teeth are moved to a corrected position without causing discomfort. Orthodontic appliances can be made of metal, ceramic, or plastic. Some may be removable ("retainer") or they may be bonded ("braces") to the teeth. Dr. Mui says that the secret to good treatment results is careful assessment of each patient's needs and customized treatment planning.

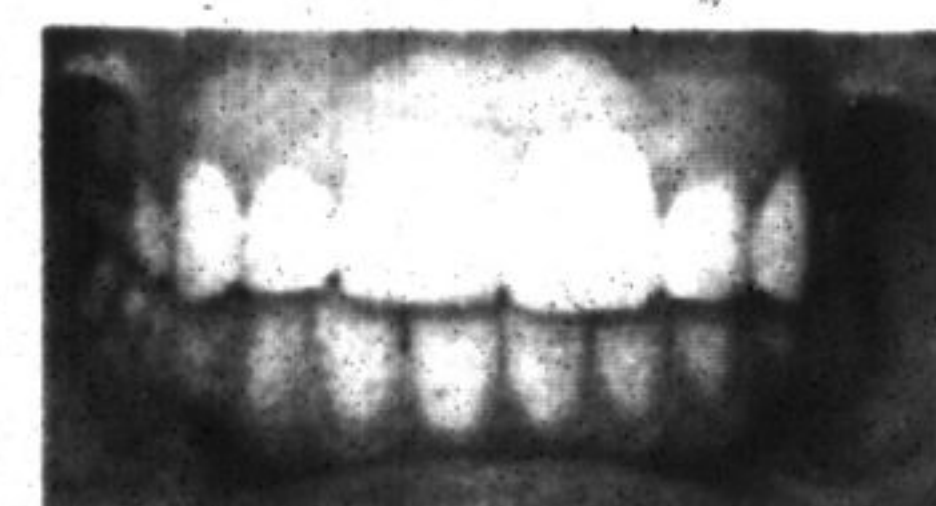

Hence, at Shapero and Mui Orthodontics, they not only offers a full range of treatments for patients of all ages including traditional metal and ceramic braces, functional appliances, In-Ovation self-ligat-

ing braces and invisalign aligners, they also offer a personalized orthodontic treatment plan carefully designed to make you look your best. Contact Dr. Mui to schedule your complementary assessment.

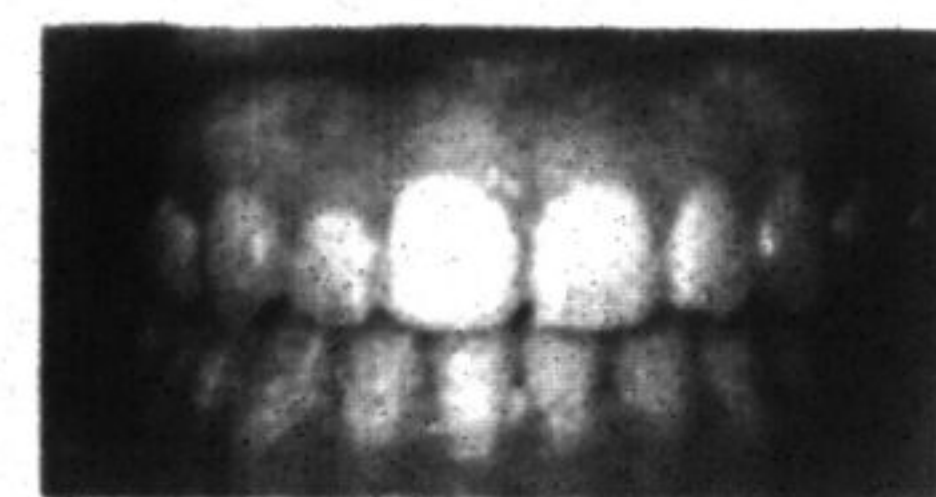

He is located at 37 Sandiford Drive in Stouffville and you can schedule an appointment any time during business hours. Phone 905-209-1116 in Stouffville or Shapero & Mui Orthodontics at 905-294-3080 (34 Main St. North).
