Stouffville Spartan Scott Miller attempts a pass as he is tackled by Bill Crothers Colt John Pappas during the opening game of the annual Stouffville District Secondary School's Invitational Senior Rugby tournament yesterday. The Spartans won 20-0.

Ex-Clipper earns scholarship to Wisconsin

Gabe Grunwald, a former Whitchurch-Stouffville resident who played goal in the Stouffville Clippers minor hockey organization, has given the University of Wisconsin men's team a commitment for the 2013-14 season.

The 18-year-old son of Glen Grunwald, vice-president of basketball operations with the New York Knicks and former Toronto Raptors general manager, played last season with the Ajax-Pickering AAA midgets.

The six-foot, three-inch, 185-pound Grunwald recorded a 2.32 goals against average and a 92.1 save percentage this past season. He intends to play tier two junior hockey in Ontario before enrolling at the Madison, Wisc., school.

Grunwald also visited Canisius College, the University of Massachusetts, Quinnipiac University and Rochester Institute of Technology.

He also drew interest from major junior teams in the Ontario Hockey League and Quebec Major Junior Hockey League prior to going the U.S. college route.

Former Spirit goalie to Brockport State

Aaron Green, a former Stouffville Spirit netminder, will play this fall for the Brockport State College Golden Eagles, a National Collegiate Athletic Association Division Three school near Rochester, N.Y.

Dealt to the St. Michael's Buzzers in a cash transaction Oct. 29, the 20-year-old Mount Albert native sported a 4.25 goals against average and .873 save percentage while with the Spirit. During his time with the Buzzers, Green had a 3.04 goals against average, four shutouts and a .910 save percentage.

FOCUS on Business

SPRING MAINTENANCE SPECIALS

Spring has finally arrived, bringing with it the milder temperature that invites us to get out and about to enjoy the nice weather. These days, our roads and highways have ruts and potholes large enough to lose your mother-in-law. All joking aside, these road conditions cause serious wear on shocks and struts. Shocks and struts' life span are about 80 000 kms. These units have a drastic affect on vehicle operation. Weak shocks and struts can cause premature break wear, warped break rotors, excessive tire wear, steering, and suspension part failure. We realize that your automobile expenses are the second largest yearly outlay of capitol other than your home. So this month's special WILL SAVE YOU MONEY. Call us for your appointment to inspect your shocks and struts, front end, and breaks FREE. If our inspection and tests reveal strut and shock replacement is necessary, we will supply quality Monroe shocks or struts with a lifetime warranty. We will also discount installation by an additional 15% off labour. If any front end or break repairs are needed, we further discount another 15% off these repairs.

We continually strive for automobile excellence. This requires passion and commitment. Our passion is automobiles and our commitment is to our customers and friends. Our goal is to make your automotive repair experience friendly and successful. You, as a vehicle owner and operator, don't know all the ins and outs of your car or light

truck. That's why you have a garage to service and repair it. We take the time to listen to all your automotive requirements. Then we put ourselves in your shoes and say, "what would I expect if I were you?" This is where passion and commitment come into effect. Our passion is to repair your vehicle to the highest standards possible. Our commitment is to give you (our valued customers), service of the highest caliber, guarantees and warranties above and beyond most; prices that are fare and all service parts that are of the highest quality. When you add these two qualities together, passion and commitment, they equal automotive service excellence as they continuously strive for perfection.

Fully licensed and updated in all fields of repair and diagnostics, we have the equipment, knowledge and 44 years of experience to repair your complicated automotive systems. Whether it's a simple lube, oil and filter, emission test, or diagnostic testing, we will measure up to your standards. If you have any questions, don't hesitate to call. Ask for Sandy or of course the boss, Sharon. Our business hours are 8am to 6pm Monday to Friday, (closed Saturday and Sunday for family time) P.S. Hope everyone has a wonderful Spring.
