"Our staff Make The Difference"

Making Parking Easier!

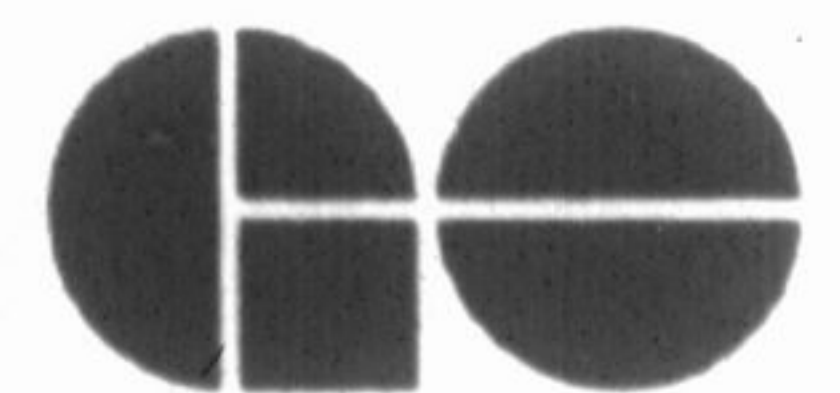

We're working hard to make getting to and travelling on GO as easy as possible so our customers can relax and enjoy their ride.

At Mount Joy GO Station a number of improvements are underway. More than 500 new parking spots are being created and will be available for customers in November 2011. A new entrance from Hwy. 48 is under construction to improve access to the station, and the Kiss "N" Ride area, lighting and landscaping are also being improved.

See what we're doing to make your ride better.
