

Few rules for new kids fund

From page 1.

Mr. Harmsen said some of the funding is already in place from profits earned when the association hosted the Ontario Hockey Federation Midget A Championships in April.

"The hosting committee felt it was appropriate to use the profits from the championships to start the Kids First Fund," he said.

The committee has incorporated few rules for the fund.

The bottom line is in making the game accessible to youngsters in Whitchurch-Stouffville, Harmsen said.

"Our goal is to promote hockey and try to make our wonderful game accessible to members

of our community who can not afford to pay for registration," he said.

The bottom line is in making the game accessible to youngsters in Whitchurch-Stouffville, Harmsen said.

Hospital celebrating with donors

BY SIMON MARTIN

Markham Stouffville Hospital is having its largest donor celebration ever Saturday. The invitation-only event is chance for donors and hospital leaders to talk about the funding campaign progress and milestones that have been recently achieved.

"We want to thank the community donors," said Suzette Strong,

CEO of the hospital's foundation. "We want to bring them back to the hospital and talk about how our expansion is going."

Ms Strong said the foundation has raised 70 per cent of its \$50 million fundraising target. "We have \$35 million confirmed," she said.

The event will be held right across the road from the ongoing construction of the new building which Ms Strong said is on target to open in the spring of 2013.

The foundation is hoping to have over 500 guests, including individuals and families who have given money over the past 10 years and people who sponsor or are strong supporters of the hospital's events.

Some of the dignitaries in attendance at the event will be Markham and Whitchurch-Stouffville mayors Frank Scarpitti and Wayne Emmerston and TSN broadcaster Michael Landsberg.
