Markham Garage Doors

Markham Garage Doors is the area's top choice for home and business owners who desire high quality garage door products and servicing.

Owners Chris Dale and Kevin Chappel have built a business centered on good relationships and exceptional customer service. They're the kind of business that always takes the time to explain the options to each client. They operate quickly and efficiently, as no one wants to wait around all day for a single installation; and they provide a prompt and professional direct response repair service.

Their 1000 ft² showroom at Bullock Drive, just east of Mc Cowan, features the latest selection of high quality garage doors, openers and garage door products. It's your best place for exploring the many options available when you're searching for a door to complement your property.

In all cases, the professionals at Markham Garage Doors provide a free at-home consultation to match samples to your property, and to ensure that your home can be properly fitted with the most suitable door for your home or business. They'll explain all your options, inspect your garage and fittings, answer your questions and find a solution tailored to your particular needs.

Because garage door problems can surface suddenly, the store also provides a direct response service for repairs on all makes and models. The technicians can quickly diagnose the problem and advise you on whether a simple repair can be performed to restore your door to its full functionality. Rather than sending you back to the manufacturer, Markham Garage Doors also has the best warranty to back up their service.

Visit their website at www.markhamgaragedoors.com to checkout their products, view before and after photos, and request a quote, or call them at 905.472.9178.
