LEARN TO SKATE WITH CANSKATE

# Student artists inspired for show

A trip to the BATA Shoe Museum in Toronto helped inspire some of the pieces on display at Latcham Gallery's Images 2011/2012: @RT show, which is a group exhibition by the graduating students of Stouffville District Secondary School.

Some of the shoes on display were created by experimenting with pencils, hot glue, clay, Plexiglas and lights and come in all shapes and sizes.

Also on display are collages made of water-colour and pencil crayon.

"This show includes an array of artistic abilities accentuating the students' outlets of self-expression," said Kyra Rudolf on behalf of the high school's graduating class in a

media release.

The students not only created the art for the show, but they planned the exhibition from conception of theme to the opening reception, which takes place Dec. 8 at 7 p.m. at Latcham Gallery, 6240 Main St.

The show runs until Jan. 7. For more information, go to [www.latchamgallery.ca](http://www.latchamgallery.ca)
