

# Save on Car Insurance by Shopping Around

*Nothing to lose,  
so much to gain.*

Getting insurance quotes can be a lengthy process, especially if you're calling around to numerous insurance companies. Online quoting services like InsuranceHotline.com make it easy for drivers to get car insurance quotes that are compared against more than 30 insurance companies – in just 5 to 10 minutes.

**Rates change regularly.** The most

obvious benefit of shopping around for car insurance is the possibility of getting a better rate and saving a lot of money. Because rates change frequently, it's important to check rates periodically, as a rate obtained in the last year could have decreased since then with a different provider. While insurance companies change their rates, your driver profile may have also changed, which will affect your rate – A ticket or accident falling on your record, a vehicle change or a moving to a new home can affect your car insurance rate.

**Each insurance company views drivers**

**differently.** For drivers with tickets or accidents on their record, the biggest benefit of shopping around is to see which companies may rate that ticket or accident less harshly than others. Each insurance company determines how to rate for different types of tickets or accidents, which means that a better rate may be available somewhere else. In fact, rates can be vastly different for the same driver with the same ticket with two different companies.

**Reviewing insurance policy.** Shopping for insurance quotes forces drivers to

review their policy to make sure that there aren't any errors or omissions about their vehicle or driving history, or perhaps any missed discounts that should be applied. Staying on top of these things ensures having the right coverage and paying the best rate.
