Owners Evan MacDonald and wife Cathy have a passion for family, friends, community and of course good food. For the last 28 years, they have been committed to bringing premium quality meat, produce, prepared foods and services to our local community. Evan and Cathy's commitment to their community is evident in their on-going support of the Markham Stouffville Hospital Gala to ensure that the Markham, Unionville, and Stouffville communities continue to receive quality health care through the expansion of the hospital.

Markham Stouffville Hospital gratefully acknowledges The Village Grocer for their generous donations year after year. Without the support and contributions from individuals like Evan and Cathy, projects like these would not be possible.

Thank You!
