## Now is the Best Time to Become a School Bus Driver

Right now is the very best time to become a School Bus Driver because you will be able to enjoy training and your first experience in nice weather - ahead of the usual summer rush. You will have a better choice of routes for September than those who wait until the hot summer months to start training. Professional experience is not required as we provide free, friendly training to qualified applicants with good driving & background records. Becoming a First Student school bus driver is the best option for caring people who want to enjoy a predictable steady part-time income supplement without having to work weekends, nights, holidays or the summer months. **Now hiring for both immediate & September openings.**

Don't settle for second or third best, call FIRST!
