

# A DIRT BIKE ACCIDENT GOT JOHN ALL REV'D UP ABOUT OUR NEED FOR BEDS.

Last spring, John was dirt biking with his son and a friend. A pothole threw him from his bike and he badly injured his shoulder. He was rushed to the Emergency Department at Markham Stouffville Hospital. The assessment team quickly understood the severity of John's injury. Without immediate surgery, he would have lost the use of his shoulder. John underwent successful surgery the next morning and made a full recovery. He's now a firm believer in the MSH Buy a Bed campaign. Government does not fund all new equipment and expansion needs at the hospital. And your support has a huge impact on the lives of others. Buy a Bed. Be a Life Saver. **Join us tomorrow at 2:00 PM on Main Street Unionville for the Great Markham Stouffville Hospital Bed Race**
