JOB POSTING

Job Title: Software Developer, Intermediate
Division: Save.ca
Location: 7030 Woodbine Avenue, Markham, ON

Are you an individual who consistently over achieves? If so, Metroland Media Group is looking for you!

THE COMPANY

A subsidiary of Torstar Corporation, Metroland is one of Canada's premier media companies. Metroland delivers up-to-the-minute vital business and community information to millions of people across Ontario. We have grown significantly in recent years in terms of audience and advertisers and we're continuing to invest heavily in developing best-in-class talent, products and technology to accelerate our growth in the media landscape and strengthen our connection to the community. For further information, please visit www.metroland.com or http://metroland.com/Companies/100626/Metroland_Digital

THE OPPORTUNITY

Wholly owned businesses of Metroland, Save.ca is one of Canada's longest-standing and largest online sites for saving Canadians money! Located in our fast-paced, spacious uptown GTA office, we are seeking a Software Developer to support the Development team in engaging with the 2M+ consumers that visit us each month to get the very best deals on groceries, electronics, clothes, and more! Let's change how Canadians shop together. This position reports into the Manager of Development.

KEY ACCOUNTABILITIES

- Create modern leading edge high traffic web and/or mobile applications
- Implement web applications using PHP, HTML, CSS, JavaScript, and MySQL
- Implement mobile applications for iPhone and/or Android
- Work closely with our multifunctional teams (Product, Design, Development, QA)
- Lead and mentor more junior team members to develop industry leading products

WHAT WE'RE LOOKING FOR

The successful candidate will have the following:

- A degree in Computer Science, Software Engineering, equivalent field, or relevant experience
- 5-7 years of experience as a software developer
- 4-6 years of experience building web applications using PHP, and MySQL
- 1-2 years of experience building large scale reporting or analytics solutions is extremely valuable
- Knowledge of OOP, SDLC, MVC, Web services, and Software Architecture
- Excellent communication skills, both verbal and written
- Detail-oriented with the ability to produce high quality software within given timelines
- A hunger to learn and ability to flourish in a fast-paced, high-growth, entrepreneurial environment
- Entrepreneurial, self-starter with hands-on approach

Bonus Experience (++++)!

- Experience optimizing performance of large scale high traffic websites
- Experience working with Hadoop
- Experience working with MongoDB or other NoSQL flavored databases
- 1-2 years of experience building mobile applications for iOS and Android

WHAT'S IN IT FOR YOU?

- The opportunity to change the way Canadians shop alongside an incredible team of 25+ talented individuals. We will create the #1 online destination in Canada for savings!
- Opportunity to be part of an exciting company at the cutting edge of the media industry
- Working for a well-established and respected company that is connected to your community
- A competitive compensation plan, including Group RSP
- Being part of a company that is committed to providing a healthy and safe work environment
- Individualized career plans and extensive ongoing development opportunities
- We've got your health in mind; you'll receive a comprehensive benefits package and a generous vacation plan

To become a member of our team, please email your resume and salary expectations to kzokael@metroland.com by September 13, 2013. Thank you for your interest. Only those candidates selected for an interview will be contacted.
