WATER IS SHARING

Share Your Water Story and Photo With Us

It could be summer at the cottage, a thirst-quenching drink after a great hockey game or watching your kids learn to swim.

York Region is looking to you to help build the **Water Is** campaign. Share your water memories with us by entering our photo and story contest.

Monthly prizes will be awarded as a thank you for your support and contribution. Multiple entries are welcome. You might just see your story or photo in a newspaper, on our website or Facebook page.
