THANK-YOU!

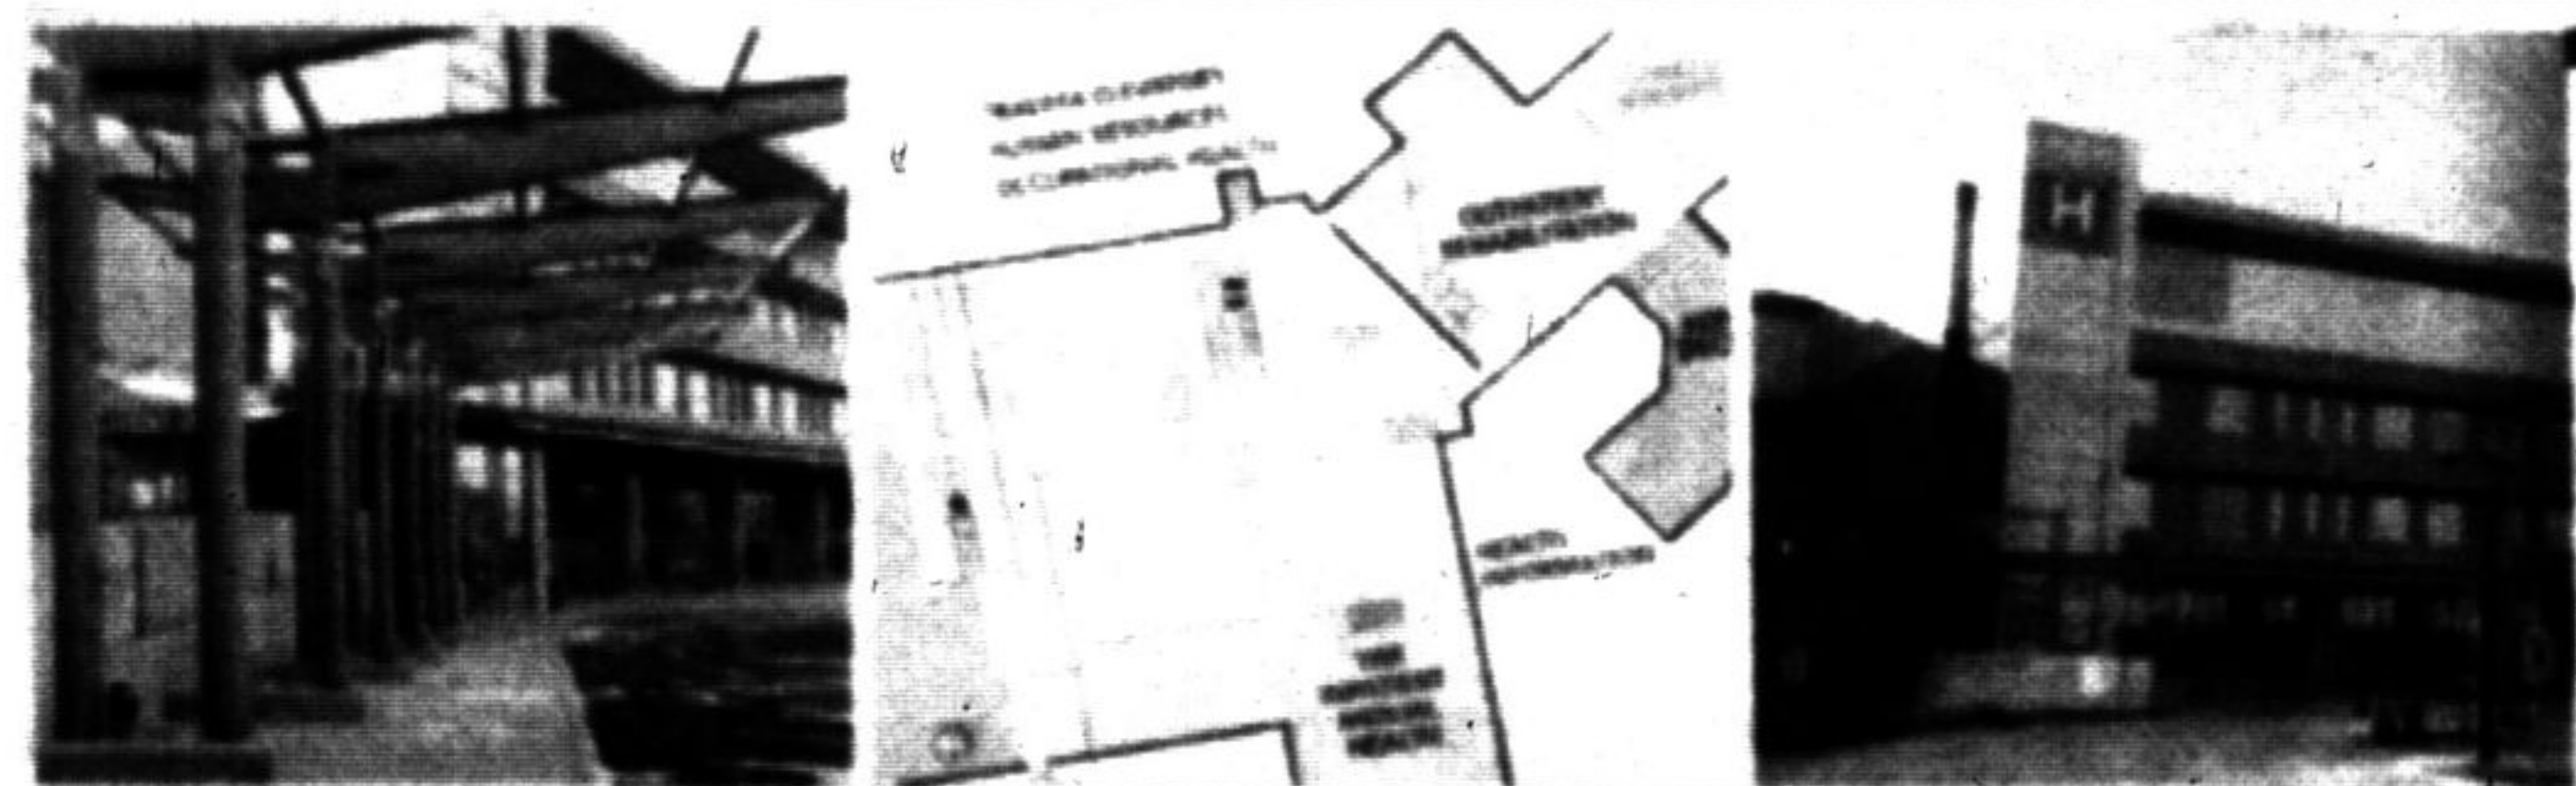

2013 was once again an amazing year!
Without the trust & support of our clients, family & friends we would not be able to do the job we love!

The Magic of Christmas never ends
and its greatest of gifts are family and friends.
Merry Christmas and Happy New Year!

On December 13, 2013, Markham Stouffville Hospital will achieve another significant milestone.

MOVING PATIENTS TO NEW & RENOVATED ROOMS

WE'VE REACHED ANOTHER MILESTONE IN OUR EXPANSION & RENOVATION JOURNEY

On Friday, December 13 and Sunday, December 15, inpatient rehabilitation, medicine, palliative and cardiology patients will be moving to new and renovated rooms. This is another exciting milestone as the hospital continues through its expansion and renovation journey.

In order to ensure that patients are moved as safely as possible, any visitors who are with patients when it is time for them to move will be asked to wait in a designated area as the moves take place. Special consideration will be made for patients as deemed appropriate by the manager of each unit.

WHAT'S NEXT?

The final phase of Markham Stouffville Hospital's expansion and renovation project is expected to be completed in late summer 2014.

Over the next few months, many new areas will open, including the new Cancer Centre, a comfortable, patient-focused space featuring floor-to-ceiling windows and a healing garden. Many of the hospital's clinics will also be moving to new, bright spaces early in the new year.

MORE INFORMATION?

Visit the hospital's website - www.msh.on.ca for information about the expansion and renovation project, as well as up-to-date maps. Like Markham Stouffville Hospital on Facebook and follow @MSHospital on Twitter for up-to-the-minute news. If you have any questions, feel free to email myhospital@msh.on.ca

UNDER CONSTRUCTION

As the hospital gets closer to the anticipated construction completion date, the need to close and re-route hallways will continue. Over the next few months, patients and visitors will continue to see "under construction" signs throughout the building. The hospital's staff, physicians and volunteers thank you for your patience as we continue to provide excellent care in our changing environment. Please allow yourself a few extra minutes when visiting the hospital and follow all posted signage carefully.
