

# Tims in Gormley OK with council

Getting a double-double in Gormley is one step closer to reality.

On Tuesday afternoon, Town of Whitchurch-Stouffville council approved an amendment to the site plan control agreement for a Tim Hortons to be constructed at 12332 Woodbine Ave., just north of the Husky gas station.

It is already under construction.

The Timbit maker's plan to build a restaurant and drive-thru was actually registered in February 2012. But since then, some minor

design changes have been made.

The most notable difference is the drive-thru will go from one lane to two, according to the report.

The building will also be 370 square feet larger. Under the town's bylaw, the restaurant can have a maximum seating capacity of 55 people.

An opening date has not yet been released, according to Maria Schembri, town spokesperson.
