

# Have You Been Affected by Childhood Sexual Abuse?

At York Region Abuse Program we believe that all people have the capacity for change and growth throughout the entire life span.

If you or someone you know has experienced childhood sexual abuse, we'd like to help. We are currently meeting with individuals who are interested in joining our groups in January 2014.

These groups are designed to teach people skills to manage the overwhelming emotional impact of abuse, to gain self-awareness, and learn tools for developing and maintaining positive relationships.

For more information please call Catherine Chhina at (905) 853-3040 ext. 301. All questions are welcomed.
