CROWN Metal Packaging Canada LP, the Canadian division of a large global metal packaging company, is seeking individuals for its high speed, continuous shift can-manufacturing plant located in Weston, ON.

Industrial Electricians

You will be responsible for installing, repairing, constructing, adjusting, replacing and testing electrical distribution systems, equipment and PLC control systems in accordance with plans, directives and preventative maintenance procedures. Proficient with PLC's, you hold an Ontario or inter-provincial construction and maintenance electrician's or industrial electrician's licence.

Production Mechanics

Working independently, you will adjust, set up, maintain, test, adapt, troubleshoot, overhaul, rebuild, and improve or modify the function of electro-mechanical and hydraulic equipment for standard or specialized application to products or to new methods.

Machinists/Millwrights

You will rebuild, repair, or overhaul all types of high-speed, automated metal can manufacturing equipment. Using machinist hand tools and millwright skills, you will maintain conveying systems and repair parts as required.

Successful candidates must have previous experience working in an automated manufacturing environment, an intermediate level of mechanical and technical skills, and strong communication skills.

We offer a competitive salary and comprehensive benefits package, including major medical, dental, and vision care for our employees and their dependents.

Interested candidates should submit their resume, indicating the position applying for and salary expectations in the subject line, to:

HR.Manager245@crowncork.com

We thank all applicants, however, only those selected for an interview will be contacted.
