Entrepreneur Week Breakfast with Arlene: Ontario Entrepreneur week celebrates the successes of local entrepreneurs as a community while encouraging others to be innovative to help fuel and drive the local economy. It is a tribute to the small

businesses that help fuel our economy. Arlene Dickinson will be speaking about how life and business are intertwined when you're an entrepreneur. Dickinson found her calling and developed a passion for entrepreneurship at the age of 31 after getting married at 19 and raising four children. From struggles, fails, to success, Dickinson's story will both inspire and educate.
