

# Mayor's name going on skate park

Wayne Emmerson will always be remembered for spearheading construction of Stouffville's new skateboard park.

Town council voted unanimously Tuesday to name the park, located in Memorial Park at Park and Hoover Park drives, after the mayor.

Emmerson, who is retiring this fall, also hosted a charity dinner to help pay for the \$465,000 project.

The facility, which also includes basketball courts, officially opened last month.

## Air cadets honour fire chief

Whitchurch-Stouffville Fire Chief Rob

McKenzie received the highest honour given out by the air cadets this week.

Major Gary Burns presented McKenzie with a certificate making him an honorary air cadet during Tuesday's meeting of Whitchurch-Stouffville council.

McKenzie, an aviator himself, was honoured for his volunteer work with Stouffville's Marion Orr 707 cadets.

Also taking part in the presentation were cadets Michael Hodgins and Vanessa Leger and Peter Ferguson.

The local cadet group was founded in 2010.

Did you know Canadians throw away more garbage, on a per person basis, than any other developed country in the world? We may find that shocking, but the evidence can be found in what we throw out in our garbage on a daily basis.

York Region and local municipal partners have worked together with various businesses, organizations and residents to develop the SM4RT Living Waste Management Master Plan.

The SM4RT Living Plan identifies a need to shift the way waste is viewed, valued and managed. Without change, the amount of waste generated in York Region will continue to grow as the population increases. The plan includes more reduction and reuse efforts which will have the greatest impact. We can all benefit by wasting less and saving money.

The success of the SM4RT Living Plan relies on collaborative efforts with community partners, and resident participation.
