

Woman cut from vehicle, airlifted

BY SANDRA BOLAN
sbolan@yrmg.com

A woman was extricated by Whitchurch-Stouffville Fire and Emergency Services Tuesday morning after the vehicle she was driving was involved in a head-on collision.

The accident occurred around 8 a.m. on Bloomington Road between Warden and Kennedy roads.

The woman, who was driving a Honda Civic, was airlifted to the hospital with non-life-threatening injuries, according to York Regional Police Const. Nick Hill.

The male driver, along with a teenaged passenger, of the other vehicle – a Volvo – was transported to the hospital for precautionary reasons, according to Hill.

The Honda was travelling eastbound on Bloomington Road, while the Volvo was westbound when one of them crossed the centre line, according to Hill.

"I don't know" if speed was a factor, he said.

Hill would not comment on which vehicle crossed the centre line.

Witnesses remained on the scene and the police collision investigation unit was on site.

Bloomington Road between Warden and Kennedy roads was closed for several hours.

Residents attending a meeting of Ward 3 election candidates in the Lemonville Community Centre Tuesday night said another accident on Bloomington delayed their arrival at the meeting. The safety of the regional road was questioned by a resident at the meeting.
