

## Lemonville Artists Welcome Spring

June Probert, Irene Wolff, Diana Bullock, Bette Archer, Elizabeth Gillan, Morven Crothers, Diane Passafiume and Helen McKenna take a break from painting at Lemonville Community Centre. They are among twenty-one artists participating in a spring art exhibition at the centre. Shown here is a beautiful watercolour by Diana Bullock.

Members of the Lemonville Group of Artists invite everyone to join them for their 15th annual show and sale at Lemonville Community Centre on May 3 weekend.

Artists from the group have exhibited work at many locations, including the Latham Gallery, Markham Theatre Gallery and Newmarket Theatre Gallery. The 2008 exhibition of paintings takes place May 3 and 4 from 10 a.m. to 5 p.m.

Lemonville Community Centre is located at 13453 McCowan Rd., just south of Bloomington Rd. on the east side, and is wheelchair accessible.

## Time to Spring into Action with a SPRING MAINTENANCE CHECK

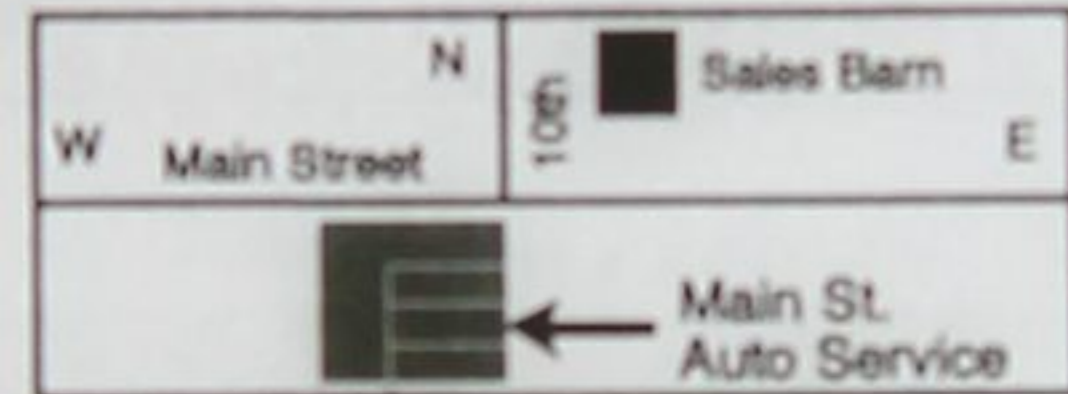

Main Street Auto Service is well known for its Quality of Workmanship, Friendly Atmosphere and Good Customer Service, and has been Servicing Stouffville Residents since 1996

### TIM'S SIX BASIC STEPS TO TAKE FOR SPRING:

- 1. LUBE, OIL & FILTER CHANGE:** During the long winter, your car has spent a lot of time idling to get warmed up. That results in buildup of moisture in the engine crank case, causing the oil to break down & get foamy, leading to wear & engine damage.
- 2. TAKE OFF THE SNOW TIRES:** Put the summer tires back on, but also decide if the winter tires will do the job for next year.
- 3. HAVE A SPRING INSPECTION DONE:** There has been a lot of salt & sand used on the roads this winter, getting thrown up on to the sub-frame, brakes & steering linkages. This causes brake calipers & other components to rust & wear out faster.
- 4. CHANGE FILTERS:** All the spray from the salty air gets sucked up into your air filter & cabin air filter, while moisture in the gas tank from winter gets trapped in your fuel filter.
- 5. CLEAN OFF THE WINTER GRIME:** Wash & clean your car inside & out. Salt & dirt gets trapped every where, so concentrate on the wheel wells, inner fenders & back bumper area. Take out & wash the floor mats, & give the floor a good vacuuming & cleaning.
- 6. KEEP UP ON OTHER MAINTENANCE:** When was the last time you had a tune-up, transmission filter & fluid change, fuel injectors flush, or brake fluid flush?

OIL LUBE & FILTER - \$38.95 • OIL LUBE & FILTER PLUS TIRE ROTATION - \$59.95  
 SPRING INSPECTION WITH OIL CHANGE - \$89.95
