MORE DOORS OPEN

Doors Open Whitchurch-Stouffville will take place June 2.

The event will feature an eclectic and fascinating group of local heritage sites, some of which have never been open to the public before. It will also include walking tours in the downtown core. Participating sites will welcome visitors from 10 a.m. to 4 p.m. and there is no charge for admission.

Last year, Royal Canadian Legion Branch 459 moved into its new building on Mostar Street from its original home on Ninth Line, which was built in 1947. The new facility continues to serve as a centre for social activities and friendship, as well as a memorial to Canadian war veterans past, present and future.

Stouffville Toyota on Hwy 48 is the first automobile dealership in Canada to be recognized by the Canada Green Building Council-Leadership in Energy and

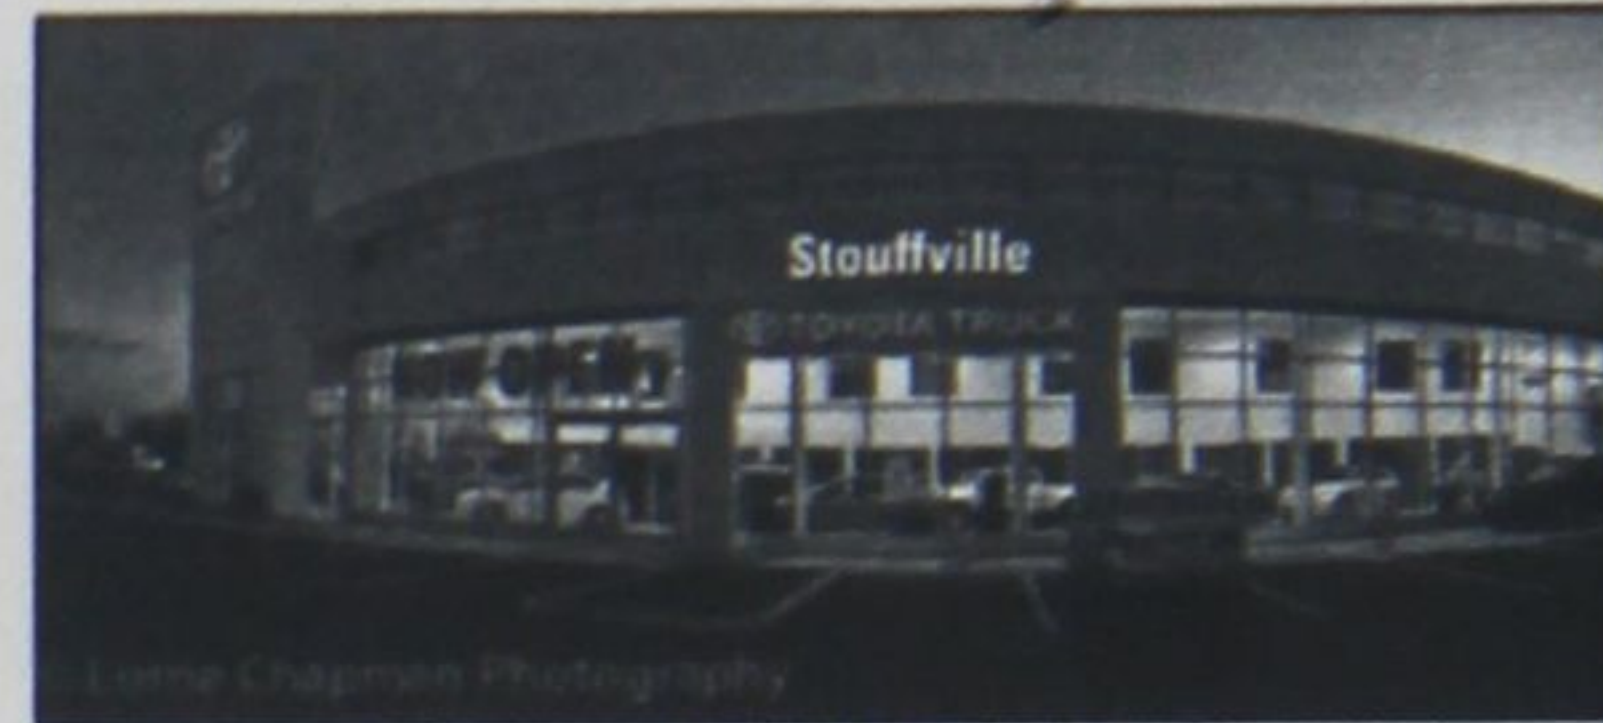

Environmental Design (LEED) as having achieved the Gold 45 point standard of environmental sustainability. Doors Open offers visitors a unique opportunity to see many of its initiatives first hand.

Hollidge Tract, York Regional Forest Headquarters, is a bonus site for this year's Doors Open, and is offered through Trails Open Ontario, one of the province's premiere natural heritage tourism programs. Arrive at 10 a.m. to see a working police dog demonstration, then hike with forestry staff and members of the Oak Ridges Trail Association to learn more about the forest. No dogs please.

Whitchurch-Stouffville Museum and Community Centre is a newly expanded venue for arts, culture, heritage and community. Enjoy a guided behind the scenes tour and find out more about rural life in the 19th century as you visit the
