Exquisite Jewellery, Quality Accessories on Ringwood Drive

Stouffville Jewellery & Accessories says 'Hi' and 'Happy Spring and Summer' to all our friends who have visited us since we opened for business last year at 86 Ringwood Drive Unit 34. We are enjoying looking after the jewellery needs of our customers, including repairs of gold, silver and platinum jewellery items, the design and making of fine custom jewellery and watches, upgrading of gems, and appraisals. The difference between fine jewellery and ordinary jewellery is the quality, which embodies the true value of a product. The value of our products reflects the precious materials used, as well as our artisanship. We have been specializing in the crafting of fine jewellery for 38 years, with most of our products made at our jewellery manufacturing shop in Richmond Hill.

Pictured below is an example of our workmanship and quality. This exquisite 14 karat white gold ring includes 85 diamonds totalling more than one karat.

We also carry a line of quality accessories that make the perfect accent for the home including original paintings, decorated tables from Italy, and imported chairs, consoles and mirrors.

Come visit us to discuss all your jewellery needs. Browse through our accessories and have a coffee with us.
