

EARTH RANGERS BRING BACK THE WILD

Festival Features Eco-Friendly Fun

Earth Rangers will be among the special guests taking part in the Strawberry Festival's Eco-Friendly Friday.

An innovative charitable organization, Earth Rangers' mission is to inspire children with a lasting passion to build a better future. The organization educates children and their families through live shows and online programs, providing information about the crisis facing animals and their habitats, and exploring the causes and effects of biodiversity loss.

In collaboration with the Nature Conservancy of Canada, Earth Rangers has introduced a new education and fundraising program called **Bring Back the Wild**, to involve young people in the protection and restoration of animal habitats across Canada. Every year, Earth Rangers reaches hundreds of thousands of kids through school shows, community events and the Power of One show at the Royal Ontario Museum.

Representatives of the organization will present a series of shows at the marquee in ball diamond one, beginning at 11:30 a.m. July 2.
