

The Maple leaf brands

THIS YEAR WILL BE

# A Binder TWINE Record Breaker!

FOR THE MAMMOTH FAIR CO.

Our 30,000 lb. car load of Twine, which we put in our market a few days ago, is disappearing fast. All our customers are taking advantage of the reduced price this week, and taking it home before the busy season.

We make it a special point every year to have our twine here in March, so farmers can take it home early and save losing time.

We think that it is a well known fact that not only are the **MAPLE LEAF BRANDS** of Binder Twine the Highest Grade Quality in the world, but are the product of Canadian Industry, and as being such, should be preferred by the Canadian farmers to buying imported twines.

Come in and see our prices for our three lines "MAPLE LEAF," "SILVER LEAF," and "GILT EDGE," away below last year's price and below any person else's price.

It pays to buy the best

No other twine as good

Maple leaf twines are made in Canada
