ALTONA.
On Wednesday, Jan. 19th inst., a very pleasant and interesting event transpired at the home of Mr. and Mrs. Jas. Launchlin, 2nd con. Picking which terminated the courtship of Mr. Geo. Keightley Tarr, of Mongolia, and Miss Mary E. Coxworth of Stouffville. The marriage ceremony was performed by Mr. J. H. Okie, of Whitevale. The groom being supported by his brother, Mr. John Tarr, and the bride by her cousin Miss Lottie Laughlin. There were some fifty friends present on the occasion and the many useful and costly presents indicated the esteem in which the bride was held. The guests were representatives from Mongolia, Port Perry, Claremont, Cherrywood, Stouffville, Whitby, Hensall, Orillia and Manitoba, who all join in wishing Mr. and Mrs. Tarr all comforts which both worlds can afford. Speeches were given by Rev. Mr. Okie and Mr. Tarr. The former alluded in very high and complimentary terms of the groom as a man and a Christian and wished for the happy couple the best of things, temporal and spiritual. The latter spoke in the highest praise of the bride whom he has known from a little girl. Music was furnished by some of the ladies and gentlemen and all enjoyed a pleasant time. It is the intention of the young couple to locate in the vicinity of Mongolia.

The sugar coating, which makes Ayer's Pills so easy to take, dissolves immediately on reaching the stomach, and so permits the full strength and benefit of the medicine to be promptly communicated. Ask your druggist for Ayer's Almonds, just out of Catarth in the Head.
It is a dangerous disease. It may lead directly to consumption. Catarth is caused by impure blood, and the true way to cure it is by purifying the blood. Hood's Sarsaparilla cures catarth because it removes the cause of it by purifying the blood. Thousands testify that they have been cured by Hood's Sarsaparilla.

Hood's Pills are purely, vegetable and do not purge, pain or grip. All druggists, 25c.

Farewell Supper.
Mr. John L. Mackenzie, who has been the proprietor of the "Old Reliable Drug Store," for the past two years was given a farewell supper by a number of his fellow-citizens at the Queen's Hotel on Tuesday evening, 12th inst., on the eve of his departure for Rat Portage. Fully fifty sat down to a most beautiful spread prepared by Mr. J. G. Martin of the Queen's.
The toast list being of great length, kept those assembled until two o'clock the following morning in the best of humor, the toasts being interspersed by songs and choruses.
The chair was taken by Mr. J. H. Ratcliff, Recm. of the village, who called the assemblage to order at 10:30 p. m. by asking those present to respond to the toast, "Our Queen" by singing the National Anthem.
The toast, "The Municipal Council" was responded to by Mr. A. G. Brown, Clerk of the village, coupled with Messrs. Macdonald, Stark and S. Bak or councillor elect for the County Council. They spoke in the warmest terms of their guest and regretted that it is so designed that he should go abroad, and expressed a hope that wherever his lot might be cast that success should accompany him.
The toast "Village of Stouffville" was ably responded to by Mr. R. Underhill and Mr. A. S. Leane, who concurred in the expressed views of those preceding regarding the guest of the evening. They followed a chorus by Messrs. E. B. Fleury, A. G. Brown, G. S. Macdonald, and W. J. Stark, "Art and Agriculture" was responded to by Dr. P. G. Button and Mr. C. G. Pingle. A song by W. J. Stark, "Our Guest," when the assembly responded and sang, "He's a Jolly Good Fellow." Mr. Mackenzie in reply to this toast said he regretted that in the order of Divine Providence that he was about to depart from their midst, but where ever his lot might be cast that the home of Stouffville and its citizens would ever be among the most pleasant reminiscences of his life. He thanked the committee and citizens for their kindness, coupling the married and young ladies, and hoped that they would accept his thanks for their kindness to him while in Stouffville. He wished those he could not personally meet to say good bye would not feel slighted as he had such a short time remaining, but wished all every prosperity and wound up by asking that "God be with you till we meet again" be sung.
The "Learned Professions" was responded to by Dr. I. A. Free and G. S. Macdonald, barrister, who said they had known our guest for the last two years and found him a gentleman in the truest meaning of the word and wished him prosperity wherever he might go. After a song by Mr. Macdonald the toast "Canada," was responded to by the singing of "The Maple Leaf Forever," including Messrs. W. B. Sanders, Dr. W. A. Sangster, and James O'Brien, each of whom eulogized Canada and the Maple Leaf as being the most progressive and foremost colony under the British flag and that we are on the dawn of bright times, the mineral wealth which is being unearthed being of the greatest extent of any in the world. They likewise said many things flattering to the guest of the evening and wished him success wherever he might locate.
"Our Educational Institutions" brought Mr. J. Hand, our popular principal, to his feet who told many funny stories and kept the company in good humor for twenty minutes. He spoke of our gues in the highest terms.
Our toast, "The Ladies" was ably upheld by Messrs. Gibson, Campbell, Collard, Rae, P. Lemon, and R. J. Dewar. They all wished the guest the best of success.
"Our Monetary Institutions" was responded to by Messrs. W. J. Stark, of Stark & Williamson, private bankers, and M. M. Brent, manager of the Standard Bank. They spoke in the kindest terms of the guest of the evening, having had to do a great deal of business with him and found him a gentleman in every particular.
The toast "Host and Hostess" was answered by the singing of "Auld Lang Syne."
Mr. J. H. Ratcliff filled the chair most ably during the evening.
Manard's Liniment Relieves Neuralgia.

A GERMAN MACHINE.
Scientists in Europe are talking a good deal just now about a curious new machine, to which the name teleprinter has been given. As the name indicates, the object of the machine is to write down words spoken or sent from a distance. The tele-phone, as at present constructed, enables one person to hear another who is talking—perhaps leagues away; the teleprinter, it is claimed, will enable any person to send a written message to another person over a telephone. The teleprinter has been invented by a German scientist, and in his words "its object is to fix telephonic transmissions." His machine is described as simply a combination of the telephone and the telegraph and the typewriter, and with out which the inventor claims that the telephone cannot be complete. The manipulation of the machine is not more than that of the typewriter, and like the typewriter the instrument has a key board, above which is placed the letters containing the machinery. The same wire which is used for telephonic communication is connected with the teleprinter, and by means of a simple manipulation the current can be directed either into the teleprinter or the telephone. When a person wishes to use a teleprinter, after it has been furnished with the new machine, all he will have to do will be to turn on the current then write his message on the typewriter. According as it is written the message will be flashed across the wire and an answer will be sent to him in the same manner.

GOOD ROADS IN NORTH YORK.
Hon. E. J. Davis has communicated with the heads of the various municipalities in North York, suggesting the advisability of securing Mr. A. W. Campbell, the Government Road Inspector, or for a fortnight's meetings in the riding next spring before the session's road work is commenced. Upon receipt of replies favoring such an arrangement, Mr. Davis will at once try to make appointments for Mr. Campbell to visit the various municipalities in the riding consecutively, giving a day or two to each, as may be found necessary or desirable. The reason for arranging the matter thus or ahead is that the demands upon Mr. Campbell's time promise to be such as to render it doubtful if his services could be procured for so long a period as two weeks if action were delayed. It is to be hoped that our municipal councils will lose no time in acting upon Mr. Davis's suggestion. The subject of improved methods of road construction is one which has come to be recognized throughout the province as of very great importance, and North York should be to the front in taking advantage of up-to-date information in this respect as it is in all others, more especially since Mr. Campbell's expenses are defrayed by the Government.

Women.
Who are nervous, weak, worn out with local troubles find pure blood, nerve strength, and perfect health in Hood's Sarsaparilla.
We do not say the above to raise false hope. It has been the experience of many, very many women in those intensely trying periods which demand and consume so much force—those speedily physical trials we delicately indicate by merely using the words—Mild, Mother, Matron.
Like a confidential friend we suggest the use of Hood's Sarsaparilla, a reliable blood purifier and tonic; it has helped many others and will help you.
