Bloomington.

(From our own Correspondent.)

The Revival Meetings in the Bloomington Christian church, held by the Rev. C. H. Hainer, is still continued with increased interest. 40 have come over on the Lord's side and given public expression to a desire to live a better life. Much good has been done during these meetings and still there are others we hope will fall in line and save their souls by obeying the truth as it is in Jesus.

Goodwood.

(From our own Correspondent.)

The social at Robt. Wagg's last Thursday was a most enjoyable affair. Owing to bad roads and the severe weather the attendance was not large, but proceeds amounted to \$15. A very pleasant feature of the evening was the presentation to Mr. Wagg of an easy chair, and to Mrs. Wagg of an inlaid fancy table. The pastor read them an address on behalf of the congregation, in which he spoke of their sterling worth, saying that the whole family would be greatly missed. They leave for Mt. Albert in a few weeks.

Markham.

Markham Young Liberal Club was represented at the convention in Toronto Tuesday by thirteen delegates: President Underhill, G. R. Vanzant, R. J. Corson, Ed. H. Wilson, P. H. Reesor, E. B. Robinson, W. S. Ormiston, Jas. McCaffrey, Jas. Bishop, D. Nighswander, T. C. Doidge, Thos. Hargrave and M. White.

FANCY DRESS CARNIVAL.—Although the thermometer registered about 15 below zero on Tuesday evening, the attendance at the Fancy Dress Carnival held in the rink here under the auspices of the Fire Brigade was well attended. Skaters were present from Stouffville, Richmond Hill and other villages. The open race, which was looked forward to with so much interest, could not be skated, the ice not being in fit condition, and therefore many went home disappointed.

SUCCESSFUL.—Among the successful exhibitors at the great poultry show held in New York last week we are pleased to note the names of W. J. Haycraft and John Lawrie of Scarborough, who took three prizes with colored Dorkings—first on hen, first on pullet and second on cockerel.

DAVID JAMESON DEAD.—Died on Thursday last at his residence on Woburn, aged 82 years. Deceased was born in the township and his mother, who was a Thompson, was the first white child born in Scarborough. He leaves a family of two sons and three daughters. He was for 18 years a director in the Scarborough Agricultural Society in which he took a great interest. His funeral on Saturday at St. Andrew's burying ground was largely attended.—Economist.

Uxbridge.

ANOTHER MILESTONE.—On Monday evening a party of about forty, composed of the employees and their wives and sweethearts gathered at the residence of Mr. J. F. Brownscombe and spent the evening in honor of his birthday. Music, both instrumental and vocal, was contributed by Mr. Smith, Miss Topping, Miss Weir and others, and with games and other amusements, to say nothing of the beautiful supper, the evening passed most pleasantly.

PIANO COMPANY.—At a meeting of the Piano & Organ Co. held on Monday the stockholders concurred in the basis of settlement accepted by the town council and representatives of the company, and they authorized the directors to settle with the town on the lines laid down. This settlement will be made as soon as possible, and the company will then be free to reorganize or settle their affairs in any way they may see fit. We believe there is no doubt that the works will be continued. The co-operative company formed by some of the old employees are still working steadily.

AN ex-resident of Uxbridge township went to Goodwood a few days ago to visit friends and states that there is more snow in the township than would float half the farms away in the spring. While driving over a high bank of snow his horse got its foot in a hole and upon examination they found the hole was the chimney of a house. A little further on they struck something which proved to be the top of a telegraph pole. This man will some day be a candidate for the position of Dominion statistician.—Journal.
