Township of Markham  
**NOTICE TO DOG OWNERS**

Owners and harborers of dogs in the Township of Markham, are requested to have the money ready to pay the license fee and procure tags for 1927 from the assessors (Roy H. Crosby, east half; and J. A. Thompson, west half) when they are called upon.

The license fees are as follows:—For each dog the sum of \$2, if only one, and \$4 for each additional dog, \$4 for each bitch, if only one, and \$6 for each additional bitch.

Under the provisions of the Act, an extra charge of 25c will be made for license tags if payment is not made before April 15th; and further, owners or harborers of dogs not reporting same to assessors are liable to severe penalties for not taking out licenses for same, and the dogs subject to be destroyed.

The assessors are now on their rounds.

G. A. M. DAIVISON,  
Township Clerk.

**New or Used**

**ABE. BROWN**  
PHONE 183 STOUFFVILLE.

**GROWING CONFIDENCE IN THE DEPENDABILITY OF DODGE BROTHERS PRODUCTS**

Yearly increase in business, Dodge Brothers entire output for the year 1926 were 331,764 units, an increase over 1925 which was their best previous year of 27.6 per cent.

Dodge Brothers' rate of growth last year was nearly nine times as rapid as that of the Automotive industry as a whole which made a production gain of 3.3 per cent over 1925.

**Export Trade Shows Great Gain**  
The gain in exports of the car industry as a whole was 3 per cent over 1925, while Dodge Brothers' figures show a gain of 14.9 per cent over 1925, figures released by the National Automobile Chamber of Commerce.

Graham Brothers' truck manufacturing division of Dodge Bros. gained 191.9 per cent in its Canadian business last year, while exports exclusive of Canada gained 38.7 per cent.

With this tremendous increase in business, Dodge Brothers have been able to produce a 2-ton truck at a price nearly \$600 lower than any 2-ton truck had before been sold. Since 1921 when Graham Brothers' adopted the Dodge Brothers engine as the standard power plant in all models, Graham Brothers factories have grown 1,250 per cent.

With over eleven years of constant improvement, (but no yearly models) and six, eight and ten years of faithful performance and mileage running into six figures, a common occurrence, and 90 per cent of all Dodge cars still in service. Stands for long life and resale value unusually high, and a steady market to absorb them.

If intending purchasing a car ask for demonstration, which will be gladly given without obligation.
