

WARNING!

to truck owners and drivers

DURING the months of March and April, it is against the law to load certain trucks and other vehicles on the highways of Ontario above one half of their rated capacity.

This applies to all vehicles having a carrying capacity of one-half ton or more if equipped with solid tires and of one ton or more if equipped with pneumatic tires, whether motor driven or horse drawn. It applies on every highway in the Province outside cities and towns.

The Government requests owners and drivers of trucks and wagons to obey this reasonable provision, but warns them that the penalties of The Highways Act will be vigorously enforced against those who neglect to do so.

Frost heaves the soil, and leaves it soft, porous and wet. For these reasons, it is at once the greatest fertilizer of the land and the greatest menace to the road.

Foundations of hard-surfaced roads are wet and spongy in spring, even when the top is dry. Heavy loads "churn" them. Fractures take place in the foundations. The surface thus is left weak because unsupported. On stone and macadam roads, heavy loads cut the surface as well. The "metal" is forced down into the sub-grade through the spongy earth.

Expensive repairs follow the abuse of any road in spring time. In an hour one single truck may cause damage which will cost thousands of dollars and take weeks to repair.

As contributions to road building come from local municipalities as well as the Province, such abuses are a particular offence against enterprising communities which provide good roads. In their interest, as well as that of the public at large, the Government makes this request and issues this warning.

Ontario Department of Highways

The Hon. GEO. S. HENRY, Minister

SIXTH LINE

William Pugh of Toronto, spent Sunday with his brother, D. Pugh.

Mr. L. Ferguson has recently moved into Richard Crowe's house.

Mrs. Robert Ratcliff attended the funeral on Saturday of the late Miss Bowman of Toronto.

Miss Grace Nicely who is attending Normal school in Toronto paid a short visit at her home here last week end.

Frank Steckley is busy these days making maple syrup. Norman would like to know what night would be the best to have the annual taffy-pull.

Road Master John Nicely, with the aid of Ern. Ratcliff, graded the 6th last week. John says with Ontario's new speed limit of 35 miles an hour automatically coming into effect on Tuesday, he wants the road in good shape so every car owner will be able to go the limit.

Last Sunday morning Mr. A. C. Whitcombe of McMaster University preached at Baker Hill church. At the evening service of the Sixth Line church he spoke of the work of the regular Baptist Missionary and Educational Society of Canada. The confidence and enthusiasm which is felt in these two churches for this work is well attested by the splendid offering of last Sunday. A total of \$61.00 was received. The Official Year Book reveals the fact that this is the largest offering that has been taken for Home Mission work during the last ten years in these two churches.

A real shower—Miss May Cook was the recipient of many pretty and useful gifts last Thursday evening, when we Sixth line folk (eighty-five strong) gathered at the home of Mr. Elmer Clarke and said it with pots and pans. The first part of the evening was spent in games and social conversation. Then the bride-to-be was seated in the centre of the room with a large white bell hanging overhead. A large basket, gaily decorated and filled with gifts was carried in by Master Allan Pike and Miss Gertrude Clarke, (the latter looking very pretty in a bridal veil). The basket was placed at the feet of the bride-to-be, who, assisted by Mr. Ross Ratcliff and Mrs. Ross Winterstein opened and displayed the gifts. The bride was then showered with confetti from the bell above; after which she made a pretty speech, and the crowd joined together in singing. "For she is a jolly good fellow." The rest of the evening was spent in singing. Refreshments were served. All report having a wonderful time.

ASSETS

345 MILLION DOLLARS

SUN LIFE ASSURANCE COMPANY OF CANADA

ARTHUR F. WHITE

Box 29, Unionville, Phone 1201u

MADE PROMPT PAYMENTS

D. McDonald, tax collector, for Uxbridge Township gives the following summary of 1926 taxes, showing an excellent return:

Total on roll \$36,611.73
Taxes collected \$36,382.62
Returned to County 219.84

Interest collected 77.16

ALTONA

The April meeting of the Women's Institute will be held at the home of Mrs. W. Parker on Wednesday, Apr. 13th. Program for the afternoon is as follows:—Paper, "Gardening for health, food and beauty" by Mrs. B. Reesor; Music, Miss Thelma Parker; Reading, Mrs. W. Reesor; Roll Call, "My best labor savor"; Reading, Mrs. H. Yake; Suggestions for next years program; Demonstration on fruit salads. The Institute is putting on a sale of home-made baking in Stouffville in the near future. Watch for date and particulars later.

GOODWOOD

Get your pure maple syrup from J. F. Reid.

Stewart Fields of Hamilton is visiting his parents here.

Now that Edgar has the matrimonial knot tied, and is busy getting Mrs. Louie Robinson spent the week end with friends in Toronto.

J. F. Reid and daughters, Marion and Viola, spent the week end with friends in Toronto.

Lloyd Turner of Stouffville was in town Monday demonstrating a new Dodge sedan to likely buyers.

An up-to-date garage fixed, we understand more of our young people are thinking of falling in line.

Fred Baston shipped twenty-two fat cattle last week, weighing from eleven to fourteen hundred each.

The football officials held a meeting Saturday night, and we understand Morley has a line up that nothing can pass through.

All ladies interested in ladies soft ball and any gentlemen interested are requested to meet at the home of Mr. E. W. Davis on Friday-night, April 8th to organize for the season.

The second meeting of the Goodwood choral society was held Monday evening in the basement of the Goodwood United Church, an addition of eleven members was added, making a total of fifty.

Markham Township Notice

LOADS OF VEHICLES ACT

Public Notice is hereby given that said Act provides that during the months of March and April in each year, vehicles operating or objects being moved over or upon a public highway, which is not within a city or separated town, and having a carrying capacity exceeding one ton, shall not be loaded in excess of one-half the rated carrying capacity of such vehicle or object without a permit as provided by said Act.

The Act also provides that notwithstanding such permit, the owner driver or operator of such vehicle or object, is responsible for any damage caused to a highway by such vehicle or object.

A penalty not exceeding \$100 is provided for a contravention of any of the provisions of said Act.

Notice is also hereby given that the provisions of the said Act will be strictly enforced with respect to the highway under the jurisdiction of the Township of Markham.

Road Commissioners are hereby instructed to watch their respective sections for overloaded vehicles, according to said Act, causing damages to the Township roads, and act accordingly.

W.C. GOHN, Reeve G.A.M. DAVISON, Twp. Clerk

An Outstanding Ford Improvement

The Hot Plate VAPORIZER

Now Standard Equipment

The Ford Hot Plate Vaporizer is the most advanced improvement on the Ford engine in the last nineteen years. It produces a perfect fuel mixture which burns to the last atom because it is completely vaporized.

The Ford Hot Plate Vaporizer Gives these Advantages

- 1 Gasoline burns more readily and completely.
- 2 More even distribution of fuel to the cylinders affords smoother performance.
- 3 Crank case dilution is eliminated.
- 4 Better cold weather performance and easier starting.
- 5 Even when low grade fuel is burned a remarkable improvement is obtained in engine performance.
- 6 Greater power and more mileage per gallon.
- 7 One setting of carburetor is sufficient for all weather and driving conditions.
- 8 Greater flexibility, particularly at low engine speeds.

[[IMPORTANT: Present owners of Ford cars and trucks can have the Ford Hot Plate Vaporizer installed by their Authorized Ford Dealer.]]
