There is, therefore, \$32,000 or thereabouts to be added for bricks. Mr. Fraser thinks that \$1,300,000 will cover the cost of the building, but the equipments, including gas fixtures and elevators, have yet to be paid for. This will mean an addition of \$87,000, and then will come the furnishings and the laying out and beautifying of the grounds. A vast amount of legislation has already been introduced, and much more will be brought before the House. There are now 160 bills awaiting sanc-
