## LOCAL BOWLERS WIN YORK LEAGUE

The Stouffville Lawn Bowling Club have met with signal success in the North York League this season. By winning the final game in the league standing at Newmarket on Monday evening, the Stouffville club captured the Mackenzie King cup, also the \$25 prize awarded to the club winning the highest number of points in the league games.

This is the third occasion in which the King cup has been won locally, but it is the first season in which both the silverware and the cash were captured at the same time. Congratulations are due the locals.

## FIRST LONG DISTANT VISITORS TO ARRIVE

As a fore-runner of the big crowd of old boys and girls to visit Stouffville within the next four days, Mr. and Mrs. R. S. Banbury and Mrs. Bidden arrived by automobile from Saskatchewan last week to be here for the celebration. They are visiting at the home of Mrs. Banbury's sister, Mrs. S. P. Foote of Bethesda, also with Mrs. Fred March, another sister of the western ladies. Our visitors from Western Canada received their invitation from the Old Home Executive, and shortly after made ready to accept it, travelling a distance of over 2000 miles. They motored from their homes in Regina and Worsley via Chicago and St. Paul, reaching Detroit in five days.

When Mr. Banbury lived in Whitchurch, he was on the W. B. Sanders' farm, and although these people have been absent for several years, they still possess many warm friends who will welcome their return visit.

## AN APPRECIATION

Indianapolis, Ind., June 22, 1927

Dear Mr. Nolan:  
I have just received the Jubilee edition of the Tribune. It is so full of good things that I shall be using my spare time for several days before I have read all of them. I have taken time first to read "Uncle Dave" Stouffer's complete and interesting summary of the birth and development of Stouffville and surrounding communities in order to get the right start and in the right mood for the rest of the intellectual and spiritual feast. The Tribune in its gaudy and patriotic dress, filled with reminiscences of Stouffville's happy past, its record of present prosperity and its bright hopes for the future, certainly gives us Old Timers a thrill, and an inspiration.

I am hurrying to thank you. I am also enclosing one dollar to help pay for that extra and expensive and beautiful red and blue ink and the "art", as newspapers call it, that adorns the Tribune's pages in this memorial edition. If the rest of the Old Home Celebration is to be as successful as the Tribune's part, old Stouffville is going to do herself proud.

With best wishes for your continued happiness and prosperity as Stouffville's representative in the newspaper field, I am

Yours very sincerely,  
HENRY O'BRIEN

## GREENWOOD

One of the most successful garden parties that has been given for some time was held at the home of Mr. T. W. Gibson on Thursday evening last. The program was under the direction of Bert Harvey, ably assisted by his sons (The Battery Boys) and their friends, Messrs. Ashley and Clark of Toronto, who presented a splendid entertainment that won the hearts of all lovers of music, good jokes and comic songs, while Mr. Clark delighted the audience with his talking dolls. The Stouffville band furnished an abundance of good music and we feel sure this will not be their last engagement in Greenwood. The chair was ably filled by Rev. McLellan of Claremont.

The service will commence at 3 p.m.

## "THE SWIMMIN' OLE"

Among the many letters found in The Editor's mail box, is one purported to be written by one of our young men. It is worthy of serious consideration by the Parks Commissioners, for if it is feasible to construct a swimming pool in Stouffville it would surely be a popular place in the summer season. In view of the fact that "Swimmin' oles" are scarce in this locality. The anonymous letter writer says:

June 27th, 1927

Dear Mr. Editor:

In regards to the Old Home Celebration, can we depend, if results are favorable, for a second contribution to the long proposed swimming pool. Some time ago a show was put on to raise money. What happened? Tell us. Some one I fear had a good time, but we as the boys of Stouffville make an appeal to a new call to the minds of our town fathers for a favorable past time. We appeal to you, knowing your strength and weight in town topics.

Wishing you every success in the Home Celebration and all undertakings, we remain, The Future Men of Old Stouffville.

Sir:—Can nothing be done by the Corporation to abate the intolerable nuisance that the public are being troubled with by the swarms of bees that infest the town.
