Mr. Ross R. Fleury of Detroit, whose mother was in town for the celebration, sends along his regrets at his inability to be here. He is one of the old boys who would have met many school day chums had he been among the throngs on Main street.

At a meeting of the Stouffville School Board last week, Miss Lillian Dowawell, daughter of Mr. and Mrs. George Dowawell of Stouffville, was engaged on the local school staff, to fill the position of teacher of the second book classes, which has been without a permanent teacher since the resignation of Miss Barber last Easter. Miss Dowawell has had several years' experience, and is highly recommended by the inspector for this division.

The recent big sale to the Toronto Transportation Co., of the business of the Lake Shore Bus Lines, does not include the service to Stouffville which also was in the hands of the Lake Shore Co. We are informed that Mr. Andrioff of the Lake Shore Co., will now give this section his personal supervision, having reserved three buses with which to serve Stouffville and Markham. It is expected that the service will be extended to Uxbridge within a fortnight.

Mrs. Edw. Baker of this town was bereaved last week through the death of her brother, George Cooper of Toronto, who passed away on July 6th in his 51st year. He was a son of Mr. C. Cooper of Queensville, and a former resident of Altona, where the family lived some years ago. His mother is dead some years, but he is survived by a wife and one brother and three sisters, namely, James Cooper of Myrtle, Mrs. John Roberts of Toronto, Mrs. Longhurst of Queensville, and Mrs. Baker of Stouffville. The funeral last Friday to Claremont Union Cemetery was attended by many friends. Service was held in the Claremont Baptist church, after which the remains were placed in the family plot where the mother also rests.

Two of the floats which attracted a great deal of interest in the Old Home parade were those of the Stouffville Planing Mill, and the Barkey Bros. Machine Shop. The latter was awarded first prize. Set up on a truck was a steam engine made by one Archie Steele of Toronto, when he was in the employ of the old Fleury foundry here some 40 years ago. With the engine in active motion and the whistle blowing at intervals, it created a widespread interest, and Mr. Isaac Barkey is to be congratulated for his ingenuity in putting this float in existence. On the Planing Mill float, one of the employees is engaged in making window sash as a product of the firm.

Watch the display advertisement for a few of the leaders.

The Stouffville L.O.L. paraded to the Christian Church on Sunday evening for divine worship, being accompanied by several members of Goodwood and Markham lodges. Rev. E. Morton, pastor of the church, preached the sermon from Isaiah's, "Vision of Peace", wherein he declared that "Time will come when they shall beat their spears into plow shears, and their swords into pruning hooks." A real and lasting peace was to be desired, but the cry of peace, peace, when there is no peace is to be deplored. He commended his hearers for standing for principles, even though some of their following may not be capable of accomplishing all that might be desired. The church had worthy principles, but all her members are not always worthy of their membership.

At the annual bowling tournament at Richmond Hill last week, a Stouffville rink won the first honors, and were accordingly presented with valuable motor rugs, and the Hon. Geo. S. Henry trophy now on display in Storey's drug store window. Twenty-eight rinks entered the contest representing Toronto, Uxbridge, Almira Unionville, Weston, Bolton, Newmarket, Aurora, Richmond Hill and Stouffville. Two Toronto rinks won the second and third prizes. The personnel of the local rink which won the championship is Blake Sanders, W.R. Sanders, Mervyn Watts, Milton J. Storey, skip. With this splendid win added to the laurels of Stouffville, we are establishing ourselves as the silverware town. The girls' softball team have won a cup, while in Shaw's window is displayed the King cup won by the Bowling club, and the trophy won by the Stouffville Baseball club last season.

A very quiet but pretty wedding was solemnized at the home of the bride's father, 137 Strathmore Blvd. Toronto, when Kathleen, younger daughter of Mr. E. J. Hopkins was united in marriage to O. L. Thompson, son of Mr. J.W. Thompson and the late Mrs. Thompson of Port Perry. The ceremony was performed by Rev. R. J. Irwin of Donlands United Church. The bride who was given in marriage by her father, entered the drawing room to the strains of the wedding march played by Mrs. E. Pedlar. The bride was becomingly attired in a gown of shrimp pink georgette over a silver cloth slip, and wore silver shoes and hose and silver bandeau in her hair. Her bridal bouquet was premier roses lily of the valley and baby's breath. Miss Hortense Child was bridesmaid attired in a modish blue georgette dress gray shoes and hose and carried a bouquet of Columbia roses and baby's breath. Mr. Ross Roach of Port Perry acted as best man. Following the reception the bride and groom left on a motor trip through the Western States, the bride travelling in a gray and flame ensemble. Upon their return Mr. and Mrs. Thompson will reside in Blackstock, Ont. The groom was a member of the local Standard Bank staff for years.

In mentioning the names of members of the Stouffville band of 30 years ago, in our last issue, those of Nathan Forsyth and Ross Fleury were overlooked. Mr. Forsyth who took his place again on July 1st, was one of its valued members when the old organization was in active operation, also Mr. Fleury, who was one of the younger members.

John Gower has just been appointed weed inspector for Stouffville. Where citizens neglect to cut weeds on boulevards or private property, Mr. Gower will lay them low to prevent them going to seed, and the negligent persons will be assessed for the cost. This is in conformity with the new law just enacted.

One of the incidents of interest which took place here during the recent celebration occurred at the Blue Bird Inn, conducted by Mrs. Irene Byam and Ethel, in which one of the old boys and one of the old town relics figured. At the hour in which the hostess was ready to serve the guests, Mr. Frank O'Brien of Chicago, raised a big commotion in that section of the town, by ringing the old school bell, preserved from the days of the old school, but which for years has been off duty. It once stood on the former school house which was burned prior to 1916. In fact this bell did service on the first school Stouffville ever had, and it served its time in calling many of the present day men from the play grounds to the study room. As it clanged out its melodious notes, it must have stirred a-fresh the memory of those school days for many of the old boys and girls who heard it on this auspicious occasion.

Among the old timers who returned to Stouffville to enjoy the old boys reunion was Elias K. Clendenning of San Jose, California, who with his wife is visiting his mother and sister on north Albert street. Mr. Clendenning whose father was Hiram Clendenning spent the early years of his life in this vicinity, leaving here thirty-five years ago for California, and engaging in the growing of fruit. Marrying a California girl, and in 1900 he bought a Prune Orchard in the Santa Clara Valley the greatest prune growing section in California and has been engaged in that line of work ever since. Mr. Clendenning was one of the organizers of the California Prune and Apricot Growers Association; and is one of the Trustees of that organization and the representative of more growers than any other district. He sees some changes in Stouffville since he left, and is of the opinion this part of Ontario is one of the best sections for diversified farming he has ever seen. Mr. and Mrs. Clendenning came over the C.P.R. visiting his oldest brother, Adam, at Tocomo, Wash., and his two brothers, Ransom and David in Minneapolis, Minn. Other stops were made at Seattle, Vancouver, Lake Louise and Banff. On their return to California visits will be made with relatives in Tor-
