STOUFFVILLE, AUG. 15, 1890

LOCAL ITEMS.

Wednesday will be Sutton's civic holiday.

Master Ross Fisher is rustivating at Aurora.

5c. shaker flannel nearly all sold out at Spofford's.

Red cap binding twice is the best, at Oliver & Harman's.

Mr. Frank Minns, of Agincourt, went this week to Doleraine, Man.

The Misses Petch, of Aurora, were visiting friends in town on Tuesday.

Miss Riley, of Newmarket, is this week visiting at Mrs. M. Ferguson's.

Mrs. G. W. Lloyd, of Brookly, N. Y., is visiting friends in Stouffville and vicinity.

Mr. Geo. Bremner has discontinued his bakery business here and has taken a situation on King St., Toronto.

Don't blame Spofford if you miss bargains for he is bound to sell off his large stock before he moves to his new store.

The early apple cometh, and the undertaker hummeth, and his face is lighted up with joys; For he calculates that cold weather will suffice and double up the boys.

BANK BALL.—To-day (Friday) at 2 o'clock p.m., a bank ball match will be played on the driving park between the Senior bank ball club of Stouffville and the Unionville club. Admission 10c. ladies free. A good game expected.

Mr. and Mrs. D. Stouffer left last evening for Grimsby Park. They take train for Toronto, and boat from there to the Park. It is their intention to visit the Park at the Niagara Falls on Tuesday and return on Thursday.

FIRE AT STOUFFVILLE.—Having saved a large quantity of stone and feed from the recent fire in our mill, and which is now stored in W. B. Sanders' elevator, we are selling it at 5c. per bushel in order to clear this stock out.—Wheeler Bros.

Lindsay Warder.—It is rumored that Dr. Sangster of Port Perry, has received a very handsome offer to become editor of the Toronto Daily Mail. It is also now generally known that the letters signed "Gracchus" have been his true pen name.

If you do not find an item of personal reference in these columns that you expect to see, how would it be, instead of expressing your surprise, to blame yourself for not having forwarded the necessary information to this office, which would have been cheerfully published if of public interest.

The York Rangers stand first in the rank of efficiency in connection with the late military camp at Niagara, making 754 points. 35th Simcoe Foresters come 2nd with 713 points. 3rd place, 37th Halton Battalion, 709 points. 4th 77th Wentworth Battalion, 706 points. 5th 36th Peel Batt., 705 points. 6th 84th Ontario Batt., 687 points. On the points of dress and musketry the 12th stands particularly high; the armories appear to be efficient.

TEACHERS' EXAMINATIONS.—For the past four weeks 70 examiners in the Educational Department of the Normal School, Toronto, have been working through the examination papers of 5,000 candidates for the teaching profession. They labor 6 hours a day and are paid about \$1 per hour. This year these examiners are chiefly masters of High Schools, local school inspectors and university graduates. Those candidates who are successful are entitled to receive free of cost training in a County Model or Normal School, but as the supply of aspirants for the profession is far in excess of the demand, many of them will turn their attention to the counter, desk or some of the learned professions.

In accordance with the proclamation issued by the Lieve, last Friday was duly observed by the citizens of Stouffville a civic holiday. Quite a large number took advantage of the excursion to Jackson's Point, under the auspices of the Mechanics' Institute, where they spent a pleasant day in boating, bathing, fishing and swimming. The campers at Stouffville on the Lake did all in their power to render the day as pleasant as possible to the visitors. Boats and bathing suits were placed at the disposal of the friends by the Mechanics' Institute campers, and tents were thrown open and a cordial welcome extended to all. The surf bathers at Coney Island would be green with envy could they see our gallant youths, fair maidens and benedicta sporting themselves in the old Simcoe's billows in their bewitching and becoming bathing suits. Some of the swains thought that it was "awfully jolly, you know," bathing in the spray accompanied by a water nymph. Undoubtedly a certain fat man carried off first prize for gents' best fitting costume. Everybody returned home happy except a few of Isaac Walton's disciples, who looked rather glum, not having even the "light" of a fish to carry.

The Senate of the University of Toronto met Thursday afternoon Aug 7th, and adopted the report of the examiners in the June matriculation. About 350 candidates were examined. Of these 225 matriculated completely. 37 have to take a supplemental examination in September; 19 others will pass on the presentation of II. class certificates from the education department; in all 281 were successful in obtaining a university standing in arts. Thirty-four failed outright, but have an opportunity of presenting themselves again in September. The following candidates from the High Schools in this vicinity were successful:—Markham.—J. O. Quantz, Church Hill; W. J. Stark, Bloomington. Uxbridge:—W. B. Boyd, S. S. Sharpe, Newmarket;—T. J. Bales, N. A. McDonald, D. W. Terry, J. S. Well, A. S. Williams. J. O. Quantz obtained second place in first class honor mathematics. W. B. Milken, Markham High School, passed in the additional subjects required for matriculation and will have matriculated if he succeeds in obtaining a second class certificate. There were 45 young ladies successful, being one-sixth of the total number competing. The girls are rapidly coming forward in educational circles, and if they keep on the young men will soon be in the minority. The man of the year is John Herbert Brown from Owen Sound Collegiate Institute, who stands first in honor classics, mathematics, English, history and geography and German and sixth in French. This is an extraordinary good showing. He wins the Mary Mulock classical scholarship and a Prince of Wales scholarship.

Something new in binder whips, at Oliver & Harman's.

Jury Cases:—Toronto East, Sept. 17th; Toronto West, Sept. 17th. Judgment Court:—Toronto East at 10 a.m., West at 2 p.m., on Sept. 22nd.

The Ontario County Council at the recent special meeting was occupied solely with the question of bridges. A resolution was adopted to grant \$300 for the purpose of putting bridges in these townships along the townlines in proper shape, the by-law was not regarded by them as retroactive in its operation. Mr. Parker gave notice that he would apply for county aid in building an iron bridge at Pickering village.

AGRICULTURAL GRANTS.—Returns from the township societies in the Electoral District of North York, are as follows:—King, 200 members; Whitechurch, 201; East Gwillimbury, 206; Georgina and North Gwillimbury Union, 146. On the presumption that the grants to the above societies from the government and county will be the same as last year, the total for each year will be as follows:—King, \$135; 44; Whitechurch, \$136; 42; East Gwillimbury, \$139; 48; Georgina and North Gwillimbury, \$88; 27. These figures may not be exact to a cent, but they will be nearly correct enough for all practical purposes to enable the several societies to predicate the amount at their disposal in preparing price lists.

Canada thistles, wild mustard and pigweed continue to grow apace, and the air is filled with the lamentation of the farmer and the agricultural editor. Prejudice is that the thistles should be cut before they began to scatter their seed, but they were allowed to grow, and the air is filled with the wretched little bits of down. The terrors of the law have been evoked against weeds, but in vain. There is a disinclination to prosecute the man who allows his land to become a hotbed of weeds and a general nuisance to the community; and besides, the objectionable plants breed and thrive by the roadside, and flourish in the best work of the legislators, and encouraged by the indifferent vigilance of the community.

The local news market may be quoted as somewhat quiet this week, notwithstanding in town being quiet pending the operations of the farmers in the fields surrounding us which are "white unto harvest." In every direction the sound of the harvesting implements is heard, and the heart of the farmer is made glad by the heavy crop which is reaping in the fields. The cool and pleasant weather has helped the laborers in the harvest field less arduous than usual. Hence our business men are satisfied with a little quiet times, in hopes that their harvest will come, when the harvest home has died away in the land, and even the newspaper men fondly dream of the time when his barns will not hold the harvest of subscription \$ 8 8 8 which will flow into his coffers by-and-by—in the sweet by and by, so to speak.

Imitation washing silks and challie cloth for 4c. at Spofford's.

I married a widow who had a daughter. My father visited our house frequently, fell in love and married my step-daughter. Thus my father became my son-in-law, and my step-daughter my mother, because she was my father's wife. My step-daughter had also a son, who was my brother and at the same time my grand-child, for he was the son of my daughter. My wife was my grand-mother because she was my mother's mother. I was my wife's husband and grandchild at the same time; and as the husband of a person's grand-mother is his grandfather, I was my own grandfather. When this pleasant position befalls your lot we would be pleased to send you a copy of the Tribune free for one year; while waiting for that time to come send in your card and receive the Tribune when it is up to the times, and you will keep posted on what is doing, not only in our own locality but what is going done all over the country.

Don't forget the base ball match this (Friday) afternoon.

The Bargain House was jammed to the door yesterday with customers, who with pleased countenances carried off their large purchases. Freshly cleaned and more counter room, which he will soon have when he removes to his fine large store in the new bank block.

BANK BALL.—Arrangements have been completed for two games of ball to take place here on Monday, Aug. 13th, between the Centurys of Toronto and the Stouffville Juniors. The first game to be called at 1:30 p. m. sharp and the second at 4 p. m. As the juniors have not been defeated once this season and have been playing good ball their efforts should be appreciated by everybody coming out and seeing the games. The ladies especially are invited to attend. Don't forget the day! Monday, Aug. 13th.

Miss Beatrice Dougherty, a pupil of the Stouffville Public School, was successful in securing a third class non-professional certificate at the recent examination held at Markham. This shows that there is no necessity for sending pupils to High Schools or Collegiate Institutes to prepare for this grade of certificates, and that the staff of teachers are fully able to undertake all the work necessary to that end, and a class could be taught with the same amount of labor as two or three pupils. Miss Dougherty took science as an optional subject.

Mr. Arthur Willmot, late professor of Chemistry in Antioch College, Ohio, an old Stouffville boy, was here last week on a visit to Mr. Walter Percy and other friends. Mr. Willmot has accepted a situation as Assistant in Harvard College, Mass., where he intends to prosecute his studies. He and Mr. Percy drove to Newtonbrook on a visit to Mr. Willmot's parents. Mr. Percy has also lately returned from St. Paul, Minn., where he occupied the principalship of the Public School, and intends after vacation to complete his course at Toronto University.

An town school boy's composition on a subject: "An editor is a mule whose business it is to investigate a hussler. He writes editorials, grinds out poetry, inserts deaths and weddings, sorts out manuscripts, keeps a waste basket, blows up the 'dewy' steels matter, fixes other people's battles, sells his paper for a dollar a year, takes white horses, dead limbs, and apple sass for pay when he can get them, raises a large family, works 16 hours of 24, has no Sunday, gets cursed by everybody, lives poor, dies misered and sometimes broken hearted, leaves no money, and is rewarded for a life of toil by a short life obituary in a newspaper."

An unusual amount of interest in the Toronto Industrial Exhibition is being manifested on the American side of the line. Numerous applications have been received, including one from a manufacturing firm in Cleveland who are desirous of showing the typograph in operation. This instrument, should it come into general use, will effect a complete change in the work of newspaper offices and greatly lessen the amount of labor required, as by the aid of it is claimed an operator can set up 5,400 "ems" per minute. Other exhibitors from Buffalo, Rochester, Syracuse, Bay City, Detroit, etc., have made applications for space. A number of excursions are being organized from different points in the United States.

SUDDEN DEATH.

Seldom has our town been more sympathetically moved than was occasioned on Saturday last upon the receipt of telegraphic news that Mrs. Robert Wilson had suddenly dropped dead at the residence of her daughter, Mrs. J. A. Stewart, 726 Queen St. east, Toronto. She left here on Friday morning last in company with her husband, intending to enjoy a few days visit with her daughter in the city and was apparently in her usual good health. On her way to the station she met several friends and appeared to be very cheerful. Arriving at Toronto they got off at the Don station, walked to Queen St. and took the street car to her daughter's residence. She did not complain of fatigue after the journey and everything went well until Saturday morning, when after rising early and having expressed a desire to see Wood Green Church, accompanied by her husband for a short purpose, returning about 8:30, Mr. Wilson then went out on a little errand, and a few minutes later his daughter, Nellie, discovered that he was ill and called for Mrs. Stewart. The mother then asked for her husband and immediately expired. The cause of death was heart disease from which she has been suffering for the past six years. At times she was subject to sinking spells and her death was not wholly unexpected by the family. Deceased was a daughter of the late David McKenzie, of Markham township. In 1862 she was married to Mr. Wilson and resided in Stouffville for some time. They removed to the 5th Con. of Whitechurch, where they remained for about 2 years on the farm now owned by W. B. Sanders, then removing back to Stouffville where they have since resided. Besides her husband she leaves to mourn her loss one sister, Mrs. Andrew Pipher, of Uxbridge; one son, Robert; and three daughters, Mrs. Stewart, of Toronto; Annie, of Stouffville; and Nellie, who resides with her sister in Toronto. Deceased was highly respected by all who knew her and her sudden demise is a source of regret to her many friends. The funeral took place at 10 a. m. on Monday. Services were conducted in the Methodist Church here by the Rev. Geo. Brown, assisted by Rev. S. Blanchard. A large cortege followed her remains which were conveyed to the Lemonville Cemetery and interred by the side of her eldest son.

STOUFFVILLE COUNCIL.

Tuesday, Aug. 13th.

Council met at 8 p.m. members all present. Reeve in the chair. The minutes of last meeting were read and adopted.

Communications were read as follows:—From J. J. Unsworth, Sec. Public Schools, re estimates for public school purposes for the current year, which stated that the amount required would be \$1700; also, from County Clerk, re county rates, stating that the amount required for general purposes was \$215, and for maintenance of Industrial Home \$64.50. Accounts.—From J. J. Bartholomew, \$2.50, for 4100 ft. of pine and cedar; \$45; Malloy & Keefe, printing and advertising, \$6.98.

The Road and Bridge Committee presented a report of the sidewalk on Stouffer St., and graveling and cleaning oil ditches, and building culverts and crossings, and of work uncompleted.

The Sewerage Committee submitted their report of the work done and the amount of material used, and of work yet to be done.

Mr. R. Sangster asked that a plank sidewalk be laid at the new bank block, on Main St., on Mill St., which was referred to the Sidewalk Committee.

Mr. R. McKinnon addressed the Council in regard to the sidewalk on Stouffer St., and the Council decided to put down a three foot walk.

A petition was presented from Mr. D. Sypher and others asking to have the plank sidewalk on Stouffer St. extended 50 feet farther east, which was granted.

Mr. E. W. Hall, Chairman, of the Board of Health, presented a petition for filling up the old well east of Bremner's shop. Council went into Committee of the whole on the reports of the Standing Committee on sidewalks, and the following accounts be paid:—J. E. Adkins, \$2.00; J. J. Bartholomew, \$2.50; \$45; Malloy & Keefe, \$6.98—Carried.

N. J. Armstrong asked leave to introduce a by-law to fix the rate of taxation for the year 1891. Permission granted, the by-law was read a first and second time, and the Council went into Committee of the whole. Council adjourned until 1st Tuesday in Sept.
