cago, but upon the failure of the since the investigating committee and legal advisers were correct, the followhas gradually shrunk to the magnitude of a micro-organism. He has stated plainly his yiews on capital and roads or of other corporations. He desires government ownership of railroads, to be followed up by the total abolition of the wage system, of which body owns anything, with the exception of the labor bosses. It would appear, therefore, that he is in theory a

and the horn fiv plague the supply of for damages would follow may have also large number of sorrowing friends and relmilk furnished the Stouffville creamery influenced them in withdrawing from atives followed the remains to the cemetery and singular the east half of Lot number hps very materially decreased, so much so that in order to carry on th and keep up the reputation we have fact that no other member of the family established, it will be very necessary for patrons to take considerable pains

This can be easily done by those from me, having running water or plenty of ice and it can be done without either one or the other, by aerating the milk. An aerator would be a great conveni ence but is not a necessity. Aerating can be done by pouring the milk back and forth from one can to another in the open air, where it is free from all foul odors, until all the animal heat is removed. Then put in a coo! place and it will come to the creamery in

good condition. From this date till further notice creamery will run on Mondays, Wednesdays and Fridays.

Like a Miracle

A. Freel in last week's TRIBUNE that he In Very Low Condition With Consumption

curable

Miss Hannah Wyatt Toronto, Ont.

"Four years ago while in the old country officiating minister, Stouffville, Sept. (England), my daughter Hannah was sent away 5th, 1894, by the Rev. T. Booker, John | from the hospital, as the doctors there could do Collins to Elizabeth Povner, eldest | nothing to help her, and said she would never daughter of William Poyner, Esq, all be any better. She was in a very low condition with consumption of the lungs and bowels, and weak action of the heart. The trip across the water to this country seemed to make her feel better for a while. Then she began to get worse, and for 14 weeks she was unable to get off the bed. She grew worse for five months and

Lost the Use of Her Limbs and lower part of body, and if she sat up in would go ten days without a movement of the bowels. All medicine seemed to do her no good. She would have spells when her heart would pain her, and then, with the outside door open in mid-winter, would faint away. Physicians, after holding a consultation,

Sald She Was Past All Help and wanted me to send her to the 'Home for Monday, Sept. 10th, at 2 p. m., at East | Incurables.' But I said as long as I could hold We did so and she has taken the medicine Thursday, Sept. 20th, at 1 p. m., at the regularly. She is getting strong, walks around, is out doors every day; has no trouble with her
