THE TRIBUNE.

STOUFFVILLE, SEPT. 26 1895

ADDITIONAL LOCAL.

Mrs. Leonard Boyles, of Toronto is visiting in town.

Dr. Talmage will go to Washington as pastor of the First Presbyterian church.

Don't you know that Hood's Sarsaparilla will overcome that tired feeling and give you renewed vigor and vitality?

A plot has been discovered to destroy with dynamite the palace of the Sultan of Turkey and the Government buildings.

Louis Pasteur, the discoverer of the cure for the prevention of rabies, is suffering from paralysis of his lower limbs.

Mrs. Gall who was visiting at the home of Mrs. Geo. Roadway returned on Monday morning on Monday last to her home in Cambridge.

THIS IS CONCENTRATION

One pill a dose, one box 25 cts. One pill relieves constipation. One box cures an ordinary case. One pill taken weekly neutralizes formation of uric acid in the blood and prevents Bright's Kidney disease and Diabetes. True only of Dr. Chase's Kidney-Liver Pills.

It is said that the Japanese captured Chang Hsu and Taiwan-Fu from the Formosan rebels after severe fighting in the latter part of August. The Japanese at last accounts, were marching on Aungmye, where the rebels are concentrated. The Japanese army in Formosa, which numbers 70,000 men, will have to be reinforced, as the troops are worn out with the hardships of the campaign. It is added that 2,500 Japanese soldiers are in hospitals in Formosa.

The New York Central road broke the Albany-Syracuse record again on Wednesday. The distance from the Capital to the station in this city is 147 miles and 84-100. Engine No. 999, drawing twelve cars filled with New York paper, morn covered the distance on Tuesday in 134 minutes and 20 seconds. Wednesday the run was again made and the distance was covered in 130 minutes and 30 seconds.

DID YOU EVER THINK.

That you cannot be well unless you have pure, rich blood? If you are weak, tired languid and all run down, it is because your blood is impoverished and lacks vitality. These troubles may be overcome by Hood's Sarsaparilla because Hood's Sarsaparilla makes pure, rich blood. It is, in truth, the great blood purifier.

Hood's Pills cure liver ills, constipation, biliousness, jaundice, sick headache, indigestion.

In Russia, a movement has been inaugurated to make a Government monopoly of the entire liquor traffic, including both the manufacture and the sale for the business entirely out of the hands of private parties. It is believed that in force in eight provinces on the 1st of July next year, and in seven other provinces on the 1st of July, 1897, and throughout the rest of the empire in 1898. Saloon keeping as a private business will be entirely abolished. The Review of Reviews for this month, writing of this, says: "In all the history of the modern movement, no public law or decree has ever attempted any task so gigantic or of such far-reaching importance as that which Russia's new law was undertaken."

On July 1st last a new law went into effect requiring every foreign boat doing ferriage between international points to pay 20 cents every time it touches an American port, and also to fill a manifest with the United States customs officer. This fee must be paid regardless of the number of passengers. This new law will most seriously affect the Maid of the Mist Steamboat Company. Its boat comes to the American side every half hour during the season, and this means a tax of \$4 to \$5. The law also concerns owners of row boats who can no longer bring passengers from Queenston and Niagara-on-the-Lake to Youngstown and Lewiston, unless they pay 20 cents a trip. All United States customs officers have been notified of the law and instructed to see it obeyed.

Members of the Manitoba Government that there is any immediate intention of holding a general election, although it is believed that the desirability of being ready to do so is the opinion of the Government. The question is under consideration. This is the position of affairs to borne out by the fact that the Government has just revoked upon the revision of the lists and the work will be commenced at once. This, of course, does not definitely mean a general election forthwith, but by many it will be taken to mean that, and both sides will doubtless proceed to nominate candidates. It is not unlikely that the local Government is influenced in making preparations for the holding of a general election by the fact that the Dominion Government is believed to be doing the same thing, and both elections might be held at the same time. If a general election is held in Manitoba soon it would be upon the clear issue of the Government's resistance of any attempt to force separate schools upon the Province.

Ask for Minard's Liniment and take no other

There is some prospect of a lemon famine and the price has consequently jumped up one dollar a box.

A Remarkable cure.—J. W. Jennison, Gilford—Spent between \$200 and \$300 in consulting Doctors; tried Dixon's and all other treatments but got no benefit. One box of Chase's Catarrh Cure did me more good than all other remedies, in fact I consider myself cured, and with a 25c. box at that.

The case of George W. Graham and O. C. Graham, charged with defrauding the Queen Insurance Company out of \$400 by stating that they had 261 lbs. of wool in the Grand Trunk freight sheds at Aurora, which were burnt in July last, was traversed to the next Sessions.

GLASGOW.

Mr. and Mrs. Parker were visiting friends in Scarborough last week.

We are sorry to hear that Mrs. F. Eryth has symptoms of typhoid fever.

Mr. A. Millard and Miss Ethel have returned from a visit to London and Ingersoll and other places up west.

Miss Gertrude Comstock, of Toronto, has been visiting with her grandmother Mrs. Pearson for a week or two.

Mrs. Hisey has been moving her furniture from here this week. As Mr. Hisey is going on his father's farm near Unionville.

KNOW YOUR BIBLE.

The Bible contains 3,566,680 letters, 810,897 words, 31,175 verses, 1,188 chapters and 68 books.

Longest chapter is 119th Psalm.

The shortest and middle chapter is the 117th Psalm.

The longest name is in the 8th chapter of Isaiah.

The word "and" occurs 46,627 times.

The 37th chapter of Isaiah and the 19th chapter of the second book of Kings are alike.

The longest verse is the 9th of the 8th chapter of Esther; the shortest, the 35th of the 11th chapter of John.

The 21st verse of the 7th chapter of Ezra is the only one of the entire collection which contains every letter in the alphabet.

The word "Lord," or its equivalent, "Jehovah," occurs 7,938 times in the Old Testament, or to be exact, the word "Lord" occurs 1,833 times and the word "Jehovah" 5,845 times.

The word "God" does not occur in the book of Esther, but there is wisdom, knowledge, holiness and love in every chapter of the entire work.

AUSTRALIAN LIVE STOCK IN ENGLAND.

A correspondent writes to the London Times:—Hitherto the imports of live stock from Australia into Great Britain have been of an experimental character, only a few animals being sent at a time, with the view of testing whether or not the proposed trade was practicable; while these particular animals were treated on board, it has been said, "like saloon passengers—if not better." But with the arrival at Gravesend, on Wednesday of the steamship Southern Cross, 5,000 tons register, from Sydney, with the first really large consignment on board, the experimental stage may be considered to have been passed.

Formal commencement made with a trade to which the Australian colonies are looking forward with the keenest possible interest, as opening out to them a means of disposing of their vast supplies of cattle. Inasmuch as beef will not stand the freezing process so well as mutton, the colonists have, up to the present, been unable to get rid of their surplus stock of cattle so readily as they can of their surplus stocks of sheep, while even against frozen mutton there is still a good deal of prejudice; but the successful export of live cattle will practically make a revolution in the agricultural conditions of Australia—and, at the same time, handicap our own breeders of stock still more heavily than at present.

It was intended that the stock should be so well fed and looked after on route as to gain weight on the voyage. The actual freight was 18 per head for the cattle and horses, and 10s 8d for each sheep; but the fodder, the insurance, and the proportionate cost of attendance increased these amounts to a total of £14 each for the cattle and horses and 25s each for the sheep. The vessel provided the water, room for the fodder, and the accommodation for the attendants all free of charge.

The voyage of the Southern Cross was via Montevideo, it being thought that the animals would not be able to endure the heat of the Red Sea; but boisterous weather was met with at Cape Horn, and this fact, combined with the effects of exposure on those of the sheep that were on deck, led to a somewhat heavy mortality. The cattle lost numbered 52, so that the vessel arrived with 488 instead of 550; the 488 sheep were decreased by 82, and one of the horses also died. The arrivals were found to be, on the whole, in very good condition, having apparently suffered but little from their journey of 12,000 or 13,000 miles. All the cattle and sheep will have to be slaughtered at Deptford within ten days.

FALL FAIRS.

The season for agricultural fairs has arrived, and for the benefit of our readers we give the dates of those they are likely to be interested in:—

Peel at Brampton . . . . . 26 & 27

Georgina, at Sutton . . . . . 10 & 11  
West York, at Woodbridge . . . . . 15 & 16  
East Gwillimbury, Queensville . . . . . 15  
West Gwillimbury, Bradford . . . . . 17 & 18

BORN.

Wednesday, 18th inst, the wife of Andrew Gall, Stouffville of a son.

WILSON—On Sunday, Sept. 22nd, at Stouffville the wife of Fred. W. Wilson, of a son.

For Over Fifty Years  
Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while teething. It is a safe and reliable remedy for all the ailments of children, such as colic, wind, and all the other troubles which attend the teething period. It is a pleasant and agreeable medicine, and gives tone and energy to the whole system. It is a household necessity, and is sold in all the drug stores. Price, twenty-five cents a bottle. Sold by all druggists throughout the world. Be sure and ask for "Mrs. Winslow's Soothing Syrup."

FARM COLONY.

For the past few months a number of citizens of Toronto who take an interest in the question of the providing of work for the unemployed have been giving the subject special attention and after much consideration and discussion have brought before the public a scheme which it is hoped will prove feasible and satisfactory. The plan is, to purchase of about 500 acres of land in the cultivated district of Ontario, as near as possible to Toronto for the purpose of there carrying on mixed farming and such other industries as may from time to time be found expedient. The capital stock of the company is to be \$50,000, with shares of \$10 each, to be non-dividend bearing. The purchase price of property is to be secured by a loan, at a low rate of interest. An appeal to be made for subscriptions of stock to philanthropists, to workingmen and to those who wish to secure employment. The revenues are to be annually apportioned as follows: (1) The payment of all fixed charges, running expenses and provision for repairs and renewal of buildings, implements, etc.; (2) from 5 to 25 per cent, of wages (or net profits) is to be applied to the purchase of stock by colonists until the whole is owned by them; (3) the balance to be divided among colonists in proportion to the work done by them.

Its promoters claim for the plan (1) that even with 500 acres it will aid materially in solving the question of the unemployed; (2) it will illustrate the possibilities and profits of intensive farming, help to educate the farming classes into methods by which greater productiveness will follow their labor, and thus the wealth of the Province will be increased; (3) as to management, it will secure a strong control at the beginning by persons whose interest, so far as they are not colonists is to the benefit of their fellow-men, and to better class of electors could be secured by any means; (4) the control will always remain with the stockholders (the Business method) and will pass into the hands of the colonists by their gradually acquiring all other stock, only after they have gained experience of the work and of the benefit of co-operation, and (5) the change in class of electors will be gradual, which is a very important consideration.

An effort is being made to arrange everything in such a way as to appeal to the business sense of the community. The idea of charity is to be left in the background. Meetings are proposed to give prominence to details.

SALE REGISTER

Saturday, Sept. 28th, at 1 p. m. at Stouffville, the household furniture &c. of William Bell. For particulars see posters. Jas. O'Brien, Auctioneer.

For particulars apply to H. Johnson, Stouffville. Sept. 19th, 1895.

Mr. Thomas Bennett, Boston.

He Could Not Live

Was what friends said, but Hood's Perfectly Cured Dreadful Case of Chronic Eczema.

Such a testimonial as we give below few medicines can produce. It is one of thousands possessed by Hood's Sarsaparilla, and proves the merit of this medicine. Reliable, honest, industrious, is what all say of Mr. Bennett. He has been engaged as gas-fitter in Boston for 35 years, with Turbell, 111 Washington street, and McKinney, Washington st., opp. Boylston.

"Gentlemen:—I am only doing what is just when I tell voluntarily what Hood's Sarsaparilla has done for me. I know it saved my life.

"A year ago last winter, after exposure to storms, I caught a severe cold, after which chronic eczema appeared on the calf of my left leg and spread all over my lower limbs from knee to ankle, and the itching and burning was something awful. Added to this was a severe pain, seemingly in the bone. At last it became so bad I had to give up work and was unable to walk. I had to have my leg bandaged all the time and frequent changes of dress. For nine months I sat with my leg resting in a chair.

"Oh, it was dreadful! Friends said I could not live long. In all I had seven different physicians, all to no purpose whatever. I knew the merit of Hood's Sarsaparilla as I had, some years before, taken it with benefit, and decided to try it for my apparently hopeless case. In two or three days after I began my appetite was better and my courage revived. To make a long story short, the eruption entirely disappeared, and the flesh on my leg returned perfectly healthy appearance. I was soon able to walk about. I cannot tell how soon my neighbors and friends were. I can now walk without any lameness, as well as ever.

Hood's Sarsaparilla Cures Eczema, as well as ever. Have not the slightest eruption or itching or burning, or any sort of trouble whatever with my leg. The gratitude I owe Hood's Sarsaparilla is simply unexpressed." THOMAS BENNETT, 173 Sycamore St., Roxbury, Boston, Mass. Try HOOD'S.

Hood's Pills are tasteless, mild, effective. All druggists, etc.
