BOADWAY'S DRUG STORE STOUFFVILLE

IT'S ENJOYED

Folks say they enjoy our baking. They know that no bread baked is superior to the bread we make and they know our pastry is quite tasty. They know our buns are the ones that please and tease their appetite and that all the cake we make is just exactly right.

AMBROSE STOVER BAKER

BRAZEN ROBBERY OF MERCHANDISE

Shelves Ransacked of Valuable Dry Goods and Men's Wear Stock.

Early Monday morning thieves forced the front entrance to A. E. Weldon's general dry goods store just west of the Manafon House and made a clean get-away with hundreds of dollars worth of goods. After day-break the same morning part of the loot was recovered in a field on the farm of Mr. Robt. Miller along the townline just west of Ringwood. Evidently the car was too loaded and the thieves discarded that which they thought of least value to them.

Entrance to the store was an easy matter, the light lock held by two screws being forced. Once inside, the place was ransacked, and goods left strewn about everywhere. Among the missing merchandise are thirteen heavy men's overcoats, quantity of neckties, several fine shirts, several pairs men's fine boots, 28 pairs overalls, a number of smocks, several coats with sheep-skin lining, belts, mitts, suspenders and other articles. As yet Mr. Weldon can scarcely estimate his loss.

The cash drawer was broken open and \$2 or \$3 in coppers taken.

The first intimation of anything being wrong came when the proprietor entered his place of business shortly after seven o'clock Monday morning, and discovered a pile of goods on the floor just inside the door. Later the loot recovered in the field at Ringwood was identified as being part of his stock. It consisted of boots, overshoes, gloves and leather belts.

The stealthy manner in which the robbery was carried out, leaves little to work on. However, it is believed the act was committed about two o'clock in the morning, although no one saw a car in front of the Weldon store. Just at this time however, Mr. Yake in the same block, lighted his bedroom lamp, which reflects right out on the roadway, and he believes this scared the burglars away. It was at this time also that Mr. T. Williamson saw from his residence a light in the vicinity of the Weldon store. No one else seems to be able to throw any light on the affair, but out at Ringwood Mrs. Sinclair at the corner hotel told The Tribune she was disturbed by a car travelling west just around two o'clock.

When Mr. Weldon called at his store on Sunday night everything was in order at six o'clock.

Delos Graham has recently completed an artesian well on the farm of Deputy-Reeve Herman Kidd. A fine flow was secured at a depth of 93 feet, also Delos bored for Leslie Ogden at Island Lake, securing a good flow at 65 feet.

When driving from school in Stouffville on Monday night, the two daughters of Thos. Simpson, Ballantrae, and Mr. Baker's daughter there, ran into the railing at the Marsh bridge south of Ballantrae. The girls escaped in a miraculous manner, but the car was a complete wreck. Too much speed is said to be the cause of the accident, it going too fast to make the turn.

23 YEARS AN INVALED

The death of James Davis, aged 68 years, took place on Tuesday of this week, at the Ontario Hospital, Toronto. The deceased was a son of the late Philip Davis, who conducted an undertaking establishment in the east end of Stouffville thirty years ago. James was of delicate health and was confined to the institution where he died for 23 years. He is survived by one sister Mrs. A. S. Collins, and by three brothers, Messrs. Elijah Davis of Lansing, Mich., Jesse Davis, Brantford, and Albert E. of Altona. The funeral on Thursday afternoon took place at Stouffville cemetery.

BOADWAY'S DRUG STORE STOUFFVILLE

MISS MITCHELL OF NEWBURY ON STAFF

All the members of the School Board were present at the meeting on Friday evening with Chairman E. C. MacLeod presiding.

The chief item of business was the appointment of a teacher to fill the vacancy on the Continuation School staff caused by the resignation of Miss Blanch Brabazon. There were ten applications to choose from, and the successful one was Miss Margaret S. Mitchell of Newbury, Lennox County. Miss Mitchell is now on the staff having arrived here for Monday. She comes with sixteen years experience as a teacher, ten of which she was principal of the Newbury public school. From this position she resigned last year to complete her course at Queen's University, where she obtained the degree of B.A. Miss Mitchell also served on the High School Entrance Board with good success.

The salary for the new teacher will be \$1200 per annum. Applicants asked as high as \$1400 and as low as \$1000. The salaries asked do not indicate an increase for the past few years, and are very moderate for teachers so high in the profession.

There was little other business before the Board. Principal Watson of the public school gave the total on the roll for October as 171, with an average attendance of 153.

An account of \$50 for water supplied at the school was ordered paid to the Stouffville Water works, also \$16.69 to the Geo. Henry Co. and \$13 to the Tribune, supplies and printing. Edw. Dixon of Unionville was paid \$4.75 for mounting a grouse.

FUNDAMENTALISTS TO FORM NEW ASSOCIATION

Rev. W. W. Fleischer from Stouffville church, and Messrs. Johnston and J. Knight of Markham First Baptist church were appointed at the annual rally in Sunderland of the B.Y.P.U. last week as members of a committee which brought in a strong resolution to the Sunderland B.Y.P.U. that they form the nucleus of a new associational Baptist Fundamentalist Young Peoples' Association, with a recommendation to invite the other churches in the Whitby-Lindsay Association to fellowship with them in the new movement. It was also suggested to them that they confer with the already existing Association in Hamilton.

The meeting of the B.Y.P.U. which took place in the Baptist church at Sunderland was well attended. The resolution advising withdrawal from the Modernist group was adopted by the meeting at the afternoon session.

The evening session was addressed by several of the pastor delegates, including as the first speaker Rev. Mr. Fleischer of Stouffville. He emphasized the necessity for defending the word of God, and the present need for more real bible study and evangelism among the churches. Pastor Donald Fraser of Bobcaygeon cited several cases where the methods outlined by the first speaker had proved successful to his knowledge.

The last speaker was Wm. Fraser of Toronto, who is associated with Dr. Shields at Jarvis street. His message was taken from the story of David and Goliath, showing how young Christians are often discouraged by the advice of their elders who have grown cold.

GOT THEIR QUOTA

The Buttons, Armstrong, Baker hunting party which returned home this week from the wilds of Northern Ontario had excellent success. There were twelve hunters in the party, and they brought back their full quota, one deer for each man. F. L. Button shot one of the finest does brought down this season, and hunters say it is one of the best specimens they ever saw, weighing 180 pounds.

All the sportsmen report a fine time in the woods, with game fairly plentiful. Delbert Holden had the only regrets. A big buck deer passed right by him, but when he levelled his gun it refused to work, and the next man on the trail dropped the fleeing animal. It's weight was 215 pounds.

JUDGMENT IN C.N.R. CASE RESERVED

Before the Railway Commission in Toronto on Monday the application of the C.N.R. to discontinue the railway from Stouffville to Sutton, was heard. The northern municipalities protested against the abandonment of the line, but the company argued that in addition to big losses now sustained, they would have to replace the rails right away to accommodate the present heavy engines now in use.

None of the northern places were able to state the bonus paid by them, but Whitechurch showed they had put up \$15,000. Stouffville subscribed part of this amount as that was in the days prior to incorporation.

If the line is abandoned Stouffville will no longer be a junction point. Judgment was reserved.

OLD ESTABLISHED BUSINESS ASSIGNS

Mr. W. A. Stonehouse, general merchant, who recently purchased from Joan Lewis the business conducted for half a century by the late J. J. Rae, has made an assignment for the benefit of his creditors. The store ceased business on Monday.

MAY BE A CLUE?

While different clues are being followed up in connection with the Sunday night robbery at Weldon's store in Stouffville, one which may indicate the men in connection with the stealing comes from Mongolia. A car stood on the roadside at Mongolia for four hours on Sunday night, until finally Mr. J. W. Cowan, the merchant, doffed his police hat (he was a former member of the Scarborough force) and went out to accost the driver. Only one man was about and he intimated that he was waiting for a couple of other "fellows" who were in Stouffville. He was a stranger, and Mr. Cowan ordered him off and took the car number which co-incided with a license stolen in Toronto that day and the car was a new Star Six also stolen and the police were looking for it too.

LOCALS TO ENTER INTERMEDIATE TEAM

Stouffville is to enter an intermediate team in the O.H.A. again this year, and possibly a junior team as well. At an enthusiastic meeting held in H. A. Sanders' law office on Thursday night, the decision was arrived at as to the intermediate team. In case Uxbridge and Markham enter teams in the junior series however, this place will endeavour to keep in line with their neighbors, by raising a similar aggregation.

Last year the locals went right through the season without a win, but the boys were good sports and proved good losers. Also the general public appreciated the season's entertainment and gave them good support financially.

It is hoped that other towns nearby will this season revive the spirit of sport in their communities and make it possible to have a district formed.

The officers elected Thursday evening were:

Prest.—Ed. C. Pennock.
Hon. Prests.—F. L. Button, Dr. W. A. Sangster, A. C. Burkholder and Dr. S. S. Ball.

1st Vice Prest.—Jas. Muston.
Sec'y-Treas.—Murray Rowbotham.
Management—W. J. Mather, W.R. Sanders, Jess Cook.
