

LOCAL HAPPENINGS

Studebaker Auto for Sale. First-class condition. A Real Bargain. F. W. Silvester.

The local grain market is very dull, little grain moving. Farmers are holding off until tax time.

Lost—A \$20 bill between Ringwood and Stouffville. Please return to Tribune office and receive reward.

Remember Christ Church (Anglican) Bazaar this (Thursday) afternoon in Porter's Ice Cream Parlor.

Reserve November 26th as the day to buy your Christmas presents and other good things at the Presbyterian Bazaar, to be held in Porter's ice cream parlors.

Messrs. David Stouffer and Anthony Hoover have entered the quail contest at the Royal Winter Fair. They make a good team, and can throw shoes higher than any hackneys, and just as accurate.

Despite the rather disagreeable wet weather a number of local people made their way through the drizzling rain on Friday evening, to the scene of the chicken pie supper at Ballantrae United Church. From the description of the well laden tables we judge they were well repaid for their effort in getting to the scene of activity.

S. G. Schmidt, prop.

The radio is coming into its season again now.

Last Friday the ice man was around filling refrigerators, so mild was the weather, but the job will soon be well cared for in the hands of Jack Frost.

The first wood sale of this season will be held this coming Saturday at lot 6, concession 6, Whitechurch, consisting of standing beech and maple belonging to Louis Hoover. Three months credit allowed and purchasers to pile brush in proper shape after cutting. The sale will open at one o'clock.

In order to guard against chicken thieves carrying off his fowl, Ernest Ratcliff left his valuable collie dog in the hen pen the other night, and next morning found the animal poisoned. It was evident that someone had been about in the night and poisoned the dog in order to get him out of the way, but were frightened away before they made off with the fowl.

A telegram reached here on Monday night announcing the sad fatality which overtook Freeman Helmky while in the northern woods. He got separated from his party while hunting deer and was missing for several days. Search parties finally located him dead in the bush. Freeman is a son of Mr. Wm. Helmky of the second concession of Uxbridge Township. Deceased was 28 years of age.

Levi G. Grove had an unusual experience in Stouffville last Thursday. After leaving one of the stores he made the discovery that his roll of bills was gone, amounting to eight or ten dollars. A diligent search failed to locate the missing roll, but when he went to get his horse from one of the town sheds, Mr. Grove picked up a nice crisp dollar bill. He knew it did not belong to his own wad, as he had it in his hand when doing business down town, and evidently dropped it when intending to stick it deep down in his pants pocket. Ever true to the principals of right, Mr. Grove came to the Tribune office to seek the party who lost the bill in the shed, and if they come along they are likely to recover their money. We haven't told which shed it was found in, so that two many would-be owners had better not call. For Mr. Grove the experience was a case of loose and win, with the odds against him.

STOUFFVILLE OLD BOYS' AND GIRLS' FRATERNITY

Stouffville Old Boys' and Girls' Association of Toronto, are holding a social evening in Hygeia House, 40 Elm St., Toronto, on Friday evening, December 2nd, and would like to have any Stouffville people who wish to join them. There will be a musical program, dancing and refreshments. Admission 25c. to defray some of the expenses.

Chicago has a mayor who thinks that books are more dangerous than machine gun bullets.

Accommodation for boarders in comfortable home on Mill street. Apply at Tribune office.

Mr. Frank H. Stiver, the seed merchant, returned last Thursday from a hunting expedition north of Minden. There were nine in the party and during their six days on the trail they bagged five deer and a bear. The fact that the bear had an empty stomach indicates that old bruin was preparing to enter his winter quarters for his long sleep. It is their custom to starve for about ten days prior to hibernating.

Myron Anderson, who entered the General Hospital suffering from a gun shot wound in the right arm, is making fair progress, and it is almost certain now that his arm will be saved, and in such a way that he may have some use of it. Hours pass like days to a youth of thirteen years confined to a hospital, and any of Myron's young friends who happen to be in the city should not fail to call on him at the hospital on College street.

The Thanksgiving market must have cleaned up all the geese ready for sale as only one poor waddler appeared on the market last Thursday, and the buyer paid 22c. pound for it. Chickens had a big range and a big variation in quality. Price was all the way from 22c. pound to 30c. for dressed birds. Eggs remained at 55c. dozen with a fair supply in. Butter at 37c. to 40c. pound is increasing in quantity with the coming of colder weather.

The robbery committed at Weldon's west end store on Monday last is the first one to occur in Stouffville in five years. It is recalled that just five years ago this fall the Standard Bank here was robbed of over \$100,000 in cash and bonds, and since that time we have been free from molestation. On this occasion, as on the former, it is believed the thieves came from the "big lights" of the city. With the present crime wave it raises the question as to whether towns like Stouffville should maintain a night patrol of the streets.

Mr. Lloyd Turner has rented the Wilnot Brown farm at the east end of Stouffville from Dr. Richardson the present owner. This property is at present tenanted by Mr. Ira Russell who is giving up farming and holding an auction sale on Saturday, Nov. 26th. This property is well located, convenient to town, with excellent buildings, which with a first-class farmer like Mr. Turner on the land, should prove a good place. We understand that the property is well covered with tile for drainage, but the drains are not properly functioning. Mr. Russell intends to remain in the house until spring, but Mr. Turner will be able to do fall and winter work on the property.

The two minutes silence was fittingly observed in Stouffville on Armistice Day at 11 in the morning. The town bell tolled out the news and reminded those within hearing that the time of reverence was at hand. Men stopped in the street and reverently bared their heads as they stood in silence. Up at the school house the bell also rang, and all studies ceased for the time of two minutes. Thousands of human hearts went out to those boys who lie somewhere on the battle fields or in the grave yards of the old land, while thousands more breathed a prayer for the future peace of the world, that no more such bloody conflicts should disturb the harmony of nations.

Mrs. Harman Hoover, Main street, is mourning the death of her father, the late William McMullen of Unionville, who died in the General Hospital on November 3rd. The funeral was private, and the remains were laid to rest in St. Phillip's cemetery, Unionville on the Sunday. The late Mr. McMullen was born in Mount Albert in 1853, so that he was 74 years old at death. He was twice married, his first wife being Adeline Lynn, who passed away in 1904. To them were born five children, who are still living, namely, Ezra McMullen of Gormley, Herman of Buttonville, Charles of Saakatchewan, Mrs. John Allen of Buttonville, and Mrs. H. Hoover of this town. In 1908 Mr. McMullen was again married, his second wife being Mary Myers. To this union two children were born both of whom survive, being Gladys and Gordon, living at home. There are twelve grandchildren living, also an only sister living in Buffalo, Mrs. Chris. Youse. The late Mr. McMullen was a man highly esteemed. He was of a quiet disposition, and all his life or until his retirement a few years ago, followed the occupation of a farmer.

Look at your label—We would appreciate a remittance from those in arrears. The Tribune.

Fall wheat is looking fine now, and promises big returns next harvest if the spring season is as favorable to it as the fall has been.

The Hon. George S. Henry advises people who walk on the highways to face the traffic, or in other words to keep to the left. We believe this is good advice, and should be kept in mind by the few who do walk.

John Madill left on Tuesday for Sudbury, to deliver a valuable registered cow for Mr. Robt. Miller, the local breeder, to a buyer in the northern country.

There is a complaint against parking cars on the roadway either side of the Auditorium, obstructing traffic to and from the creamery. Patrons of the Theatre please take the tip and cease blocking this road.

Mr. Frank Rae, has leased the vacant rooms over Shaw's store and will move his tailoring business from the present premises where his father conducted the store business for so many years.

Mr. Audrey Bartholomew lost his most valued milch cow in the herd when the animal got into the orchard and filled itself with frozen pears, bloating up like a big balloon. The animal died shortly after.

Mr. and Mrs. Bert Boyd have moved from the Peter Wideman house in the east end to the Bartholomew place, Church street north, where they formerly resided. We understand that the Wideman place which was left to Mrs. Sam Boyd of Aurora by the will of her father, will shortly be occupied by her and her husband.

At a raffle of geese held at Vandorf last week, Bert Tait stood out prominently as one of the big winners. There were twelve geese to dispose of and he won four of them at a total cost of only \$3.85. The baggeman at the C.N.R. here also brought home one, so that a good percentage came to Stouffville.

Down in Sarnia they have begun to enforce the law against swearing. They fined the janitor of a school \$5 with \$6.50 cost. Should the campaign against this silly habit, that has become part of many a person's daily life, become general throughout the country there will be a busy time ahead for the magistrates.

The auction sale room west of the Bank of Nova Scotia will be opened again on Saturday, Nov. 19th, at 7.30 p.m. A special sale of boots, bed-room suite, organ, lard pails, etc., will be sold. Don't miss this chance. To the persons who have articles for sale, kindly bring them in before Saturday. Don't wait until the auction sale room is closed. A. Grubin

A party of young people fell upon the home of Mr. and Mrs. William Gower, O'Brien Avenue, on Monday evening, taking the occupants by complete surprise. On entering the house unceremoniously, it was explained that the news had "squeezed" out that this was the occasion of Mrs. Gower's birthday, and her friends wished to do her honor. Every moment of the evening was greatly enjoyed.

Coming to the Auditorium Theatre Friday and Saturday, Dec. 2 and 3, Norma Talmadge appearing in her latest picture "Camille" one of First National's Banner Group. This picture played to packed houses recently in Toronto, and is acclaimed as one of the best Comedy Dramas of the season. Keep the date open 2nd and 3rd Dec. Also music and singing. Watch this paper for further particulars. S. G. Schmidt, prop.

The regular monthly meeting of the Women's Institute will be held at the home of Mrs. J. Borinsky, O'Brien Avenue, on Wednesday, Nov. 23rd, at 2.30 o'clock. Program includes an address by the Rev. H. S. Warren; reading by Mrs. McConnochie; paper by Mrs. Simpson; competition—sandwich by ten members. Roll call on economy wrinkle. Music and social half hour. Everybody welcome.

The Road and Sidewalk Committee of the Stouffville Council are establishing a record this year in lateness for putting down cement sidewalks. On Tuesday morning work was commenced on the construction of a walk along the west side of Ratcliff's store leading to the market entrance. The weather was as balmy and sunshiny as a day in June, but how long will it last at this time of year, is something few people would take a chance on. Inability to secure men is given as the reason for not building the Market street walk earlier in the season.

We have been asked to suggest through the Tribune that the two milk vendors in town cease to follow each other about like "Brown's cows" but that one start at one end of the town and one at the other each morning, then an early service would be extended to the east enders just the same as to the west enders. At the present time one vendor comes along at the same time as the other in the east end, hence both give their latest service in the extreme east. This is merely a suggestion, but perhaps it will not be practical in the opinion of the dealers.

Canadian banks are said to have lost \$1,000,000 in the last six years through robberies. Far less than that would have made them "robber proof".

William Williams of the British American Oil Co. and Harmon Yake left on Saturday night for their annual deer hunting trip. Mr. Yake is one of the oldest active hunters to enter the northern woods.

H. J. Malloy has erected a barn south of the creek for Ira Anderson, Market street. The building, a frame structure, is now completed, and Mr. Anderson has his first animal in the stalls and is open to receive more horses.

BALLANTRAE
The chicken pie and lecture was well attended in spite of the threatening weather last Friday night. A very generous supper was served, the tables being heavily laden with piping hot chicken and many other tempting dishes. In the absence of Mrs. D. E. Jones, through sickness, Mrs. Ross Winterstein rendered three splendid readings, being loudly endorsed for her good dramatic work. The special attraction of the evening was the grand popular lecture, "Being Different" by the Rev. Capt. Freeman Tupper of St. Monica's church, Toronto. The captain was in excellent condition and certainly excelled himself in his jovial, yet forcible address. He kept his audience spellbound for over an hour with his well thought out lecture, interspersed with sparkling bits of real humor. Everybody appreciated the impressive references to the splendid character of many of the returned soldiers with whom he had the honor to be associated at Padre in the Great War. Being Armistice Day the references were very fitting. Come back again Mr. Tupper. Many thanks to the Ladies' Aid for their hard work and splendid achievement. The proceeds go to the laying of a hardwood floor in the basement of the church.

IN MEMORIAM
Horer—In loving memory of our grandmother, Sarah Horner, who departed this life November 16th, 1926.
All is over, hands are folded,
On a quiet peaceful breast,
All is over, troubles ended
And our Grandma is at rest.
Edwin and Viola and family

IN MEMORIAM
In tender and loving memory of our dear wife and mother, Susanna Nighwander, beloved wife of J.B. Hoover, who departed this life Nov. 17, 1925.
Two years have gone since you have left us.
Oh how lonely yet without you,
In our dreams your face we often see
But you hand we cannot touch
The sweetest of memories are all that is left.
Of our dear mother, gone home to rest.
From husband and family

IN MEMORIAM
In loving memory of Mrs. Dawson Davis (Lena Ramer) who passed away on Nov. 21, 1926.
So sweet her rest. Her slumbers hold
Thro' all the busy change of hours,
With gentle touch her hands we fold,
And make the pillow fair with flowers
So sweet her rest. She will not wake.
All pain is vanished from her sleep.
While here with hearts that yearn
and break
In voiceless agony we sleep.
Our grief comes freshly with the dawn.
Her sorrow vanished with the night.
In shadow we must journey on
Her spirit walks in glory's light.
Husband and family
