

# RADIO!! RADIO!!

The question of buying a Radio is no doubt being considered by a many people at this time and as a Radio like everything else requires service, the place to buy one is the place in the best position to give good service.

Ringwood Garage has consistently sold and serviced Radio for four years and moreover does not make a side line of Radio, but it is rather one of the main branches of our business, and we are in a position to give first-class service in every particular.

We offer to the buying public two famous lines of Radio, both made in Canada and backed by companies of high standing and long experience in the manufacture of Radio.

## 15 Eggs to the Dozen

Here's the way one man, who feeds Quaker Ful-O-Pep Egg Mash, expresses his increased production: "I gather 15 eggs for every dozen I got before I used Quaker Ful-O-Pep Egg Mash."

The base of Quaker Ful-O-Pep Egg Mash is pure oatmeal. To this are added many other important ingredients which go to form a "perfectly balanced ration"—a mixture which supplies all the necessary elements for heavy egg production.

Bone meal and calcium carbonate furnish the all-important minerals. Cod Liver Meal, high in vitamin D, takes the place of sunshine and makes it possible for your hens to produce as many eggs in winter (when eggs are high) as they do in the spring.

Ful-O-Pep Egg Mash is the cheapest feed you can use because IT PRODUCES MOST EGGS FOR LEAST MONEY.

Besides being perfectly balanced, it is finely ground and thoroughly mixed. Your hens cannot pick it apart—every mouthful is perfectly balanced, and because of these features less feed is required.

Consider the economy of Ful-O-Pep Mash when you compare its price with cheaper feeds. Eighty pounds will go as far as one hundred pounds of an ordinary mixture. For the sake of "More Eggs and Greater Profits" feed

### BETHESDA

A lovely birthday party was held at the home of Mr. and Mrs. Louis Brillinger for their youngest daughter Dorothy, when about twenty-five guests were present. The evening was spent in music, singing, and games of all sorts, after which a dainty luncheon was served, while the three layer birthday cake lighted with colored candles made an attractive and pretty sight.

### GLASSBORO

Mrs. J. Moyer is improving slowly. Roy Wagg spent Sunday in Pickering. Miss Evelyn Reesor spent last week end in the city. Skating and curling are the chief interests at Altona now. Among the Altona people to visit Toronto this week were Mr. McIntosh, Mr. and Mrs. W. Reesor, Mrs. McNair, Flosie, Fred and Roy Wagg. Don't forget our play "Nothing to Do" on Tuesday evening, Dec. 20th. We're sure to report Mrs. Foreman not as well as usual.

### GOODWOOD

Mr. Cecil Lee has returned with a large deer. Mr. D. McDonald is unloading a car of coal this week. The next annual dance will be held on Dec. 14th. Orchestral music. The Township Council will hold their last meeting for the year on Dec. 15th. We can now boast of one of the best gravel roads in Ontario. Thank you William Todd. Municipal election are little talked of here. It is not likely a contest will be held, but nomination day will be interesting just the same. Eggs are not taking a drop, although many poultry feeders are securing their poultry feeds of all kinds from the Rawleigh man. A medicine man in Toronto was in the act of securing the hall for a week, but on finding we had a medicine man, cancelled the engagement. We understand the Agricultural Society will hold their winter school here for young men and women, the men to have the town hall and ladies the basement of the United Church. Next Friday night, Dec. 9th, all Orangers of this locality who believe in showing their loyalty will meet at the town hall to elect officers for the coming year. There should be two Sundays in a week, so some would have time to attend church as the seats are nearly empty in our churches. When we get ill how we wish we had attended worship.
