

Walmart offering online grocery pickup

Do your grocery shopping online and pick it up at the store.

That is the service Walmart Canada is rolling out at 12 GTA locations, including the store in Stouffville, via its website, walmart.ca

"We are thrilled to bring the convenience of our online grocery pickup service to the GTA to give our customers a convenient way to find what they need and save money. And best of all, when it's cold and wet out there, customers using this service don't have to leave their car to pick up their order," said Simon Rodrigue, senior vice-president, ecommerce, Walmart Canada in a media release.

Trained grocery shoppers have been hired at all participating locations to ensure items

such as produce, meat, dairy and bread are handpicked and packaged with care, according to the release.

Once the order has been made online, customers choose a pick-up time and location. Each location has special parking spots for these customers. Once parked, they call a special phone number and the order will be brought outside and loaded into their vehicle within minutes.

There is a \$3 fee for the service. Orders can be made up to 21 days in advanced.

The online service will be available in Stouffville starting Feb. 18 with pick-up beginning Feb. 23.
