We'd like your feedback.

We're planning tomorrow's electricity system and we'd like to hear what matters most to our customers.

Hydro One's first job is to deliver electricity safely and reliably to our customers. We're in the process of developing a five-year plan for our electricity distribution system.

We'd like your feedback regarding the level and type of service that you expect from Hydro One. What you tell us will be considered as we develop our plan. It will also be included in the process the Ontario Energy Board uses to set electricity delivery rates for Hydro One's customers.
