### Take care during heat wave: Town

Environment Canada says we may be in the longest and most significant heat wave of the summer so far.

York Region Public Health advises residents to take extra precautions to stay safe.

Everyone is at risk from extreme heat, espe-

cially older adults, infants and young children, people who work or exercise outdoors and those with certain medical conditions. The Town of Whitchurch-Stouffville is encouraging residents to check on family, friends and neighbours who may be isolated or more vulnerable to the heat.

Residents can cool down in town pools, splash pads and cooling locations.
