

STOUFFVILLE MEDSPA

Michel's Medical and Beauty Clinic

Stouffville's first cosmetic surgery clinic is now open, offering clients a unique beauty and health experience at one convenient location.

Mayor Justin Altmann, and a representative from the Markham-Stouffville MP office, joined founder Michel Sarkis to cut the ribbon for the grand opening of Stouffville MedSpa - Michel's Medical and Beauty Clinic, on July 14th.

Michel has over 30 years experience in the medical field as a physiotherapist, massage therapist, homeopath, clinical and operational manager, and founder of several rehabilitation clinics in Barrie and the GTA.

The Stouffville clinic provides a wide array of aesthetic cosmetic services including the treatment of acne scars, stretch marks, wrinkles, facial, spider and leg veins, pigmented lesions, beard bumps, and sun spots, as well as botox, dermal fillers, and reconstructive surgery. The latest **Syneron-Candela** technology, effective on all skin types, is used for procedures.

Stouffville MedSpa offers many other health and wellness services such as laser hair removal, photo analysis for planning and evaluating facial rejuvenation treatments and skin regimes, holistic nutritional counseling, acupuncture, osteopathic, massage therapy, and chiropractic. Professional strength and medical grade skin products are also available.

If you have been considering any type of cosmetic plastic surgery, call or drop by and talk to one of our friendly, experienced staff.

FOXTAIL PROPERTY SERVICES INC.

Foxtail Property Services is a local landscape maintenance company. We have been servicing properties in town for the last 9 years and we were voted the best in our field in 2013.

For the past 5 seasons, Foxtail has hired some of Stouffville's best students looking for a summer job. Although we are not perfect, we stress the importance of being picky and taking care of homes, as though they were our own.

Aside from a great cut most weeks of the summer, we feel that the biggest reason why our great people of Stouffville call us back every year is because they feel comfortable with us on they're property.

It is all about good people working with good people. That we owe to our staff and to our loyal Stouffville clients.

This is why we are "Stouffville's Best!" in the landscape property maintenance business. We are sorry if we missed you in 2016.

Please look for our signs around town in the spring of 2017 and feel free to call us for an estimate.

Hopefully we can help you out with your property as well!
