Did you know these are household hazardous waste?

When no longer needed, pressurized gas containers become household hazardous waste.

Household hazardous waste does not belong in the garbage, in your blue box or down the drain. It should be brought to a depot location where it will be disposed of safely.

For more information on what household hazardous waste is and where to drop it off please visit york.ca/hhw or call 1-866-665-6752

York Region
