

NOTICE OF CONSTRUCTION

MCCLEARY COURT COMMUNITY

CITY OF VAUGHAN,

ELGIN MILLS COMMUNITY ENVIRONMENTAL CENTRE

TOWN OF RICHMOND HILL

IMPROVEMENTS
ARE COMING.
LEARN MORE!

The Regional Municipality of York will be working in your community to enhance the McCleary Court Community Environmental Centre (CEC) located at 130 McCleary Court (see map, right top), as well as the Elgin Mills Community Environmental Centre (CEC) located at 1124 Elgin Mills Road East (see map, right bottom). Construction will begin October 2016.

The project includes:

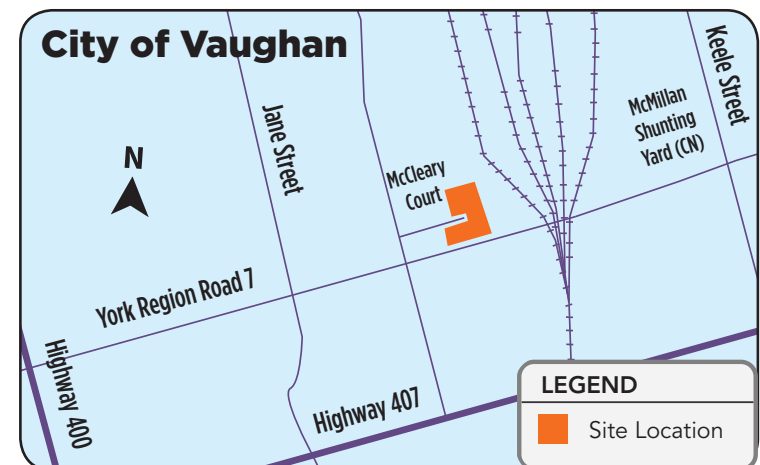

- Addition of weigh scales for processing customer transactions
- Integration of a Household Hazardous Waste Depot onsite

What can you expect during construction?

The CEC site will remain open to the public during construction and operations will be adjusted as required. Including:

- Changes to traffic flow at the facility
- Location of bins and/or materials accepted
- Extended wait time and onsite line ups
- Possible delays and short-term site closures

As with any construction project, there may be minor inconveniences which may affect you, however, every attempt will be made to keep these to a minimum. We appreciate your patience while construction is being completed.

Where can I get more information?

Staff will be available onsite to answer questions and direct traffic. For more information visit york.ca/wastedepots, follow @YorkRegionGovt or call 1-866-665-6752

For general construction questions please contact:

Luis Carvalho, M.Sc. (Eng.), P.Eng., PMP

Senior Project Manager, Environmental Services Department
