Tait looks to score big for Ontario at under-18s

When Camryn Tait was extended an invitation to audition for a berth on the Team Ontario roster for the National Women's Under-18 Championships in Regina she was quick to accept.

In the end, it turned out to be a fortuitous decision for the 17-year-old Stouffville resident.

Through the auditions that transpired at the Nottawasaga Inn in July, Tait's on-ice talents in manning the centre and right wing positions impressed the selection committee to where she earned a spot on the Team Ontario Red squad for the eight-team event that began Wednesday when they faced their Team Ontario Blue counterparts.

For Tait, who currently plays for the Toronto Junior Aeros and is a Grade 12 student at Blythe Academy in Toronto, the opportunity to showcase her skills on the national level and to represent Ontario is a dream come true.

"I'm very excited and proud to represent Ontario in these games," she said.

Recalling her journey in making the team, Tait felt confident she could hold her own against those viewing for a ros-

ter spot.

During the auditions she recalled the players were put through the grind.

That included practices, games and off ice fitness testing.

"But you never know because all of the girls I played against are all very good," she noted. "All I could do was to try my best, which was obviously good enough and what they were looking for."

In anticipation of the championships, Tait feels there could be a little added pressure in that the Team Ontario Red entry she is a part of skated off with the coveted title last year and will be challenged to defend that honour.

However, she is confident this year's Team Ontario Red squad can be among the medal contenders once the puck is dropped.

"We have a good group this year so I think we will do well enough to at least get to the medal rounds again.

"But it sure would be great to repeat again this year," she said.

IF YOU suffer from low back pain and sciatica, you are one of over 10 million adults in Canada with this often crippling spinal condition.

Shooting, stabbing and burning pains from the low back, sometimes with additional pain through the buttocks and down the legs are all symptoms of pinched nerves often called "sciatica".

In severe cases, it can lead to muscle wasting, numbness and constant tingling down to the tip of the toes. Left untreated, the intense pain can rapidly wear you down and drain the joy out of life.

That is, until now...

Recent advances in the treatment of sciatica and lower back pain have led to the development and huge success of Advanced Biostructural Correction Technique.

The excellent results of chiropractic treatment have been published in major medical journals. With great success rates. Some back surgeons and medical doctors are recommending their patients try this treatment first before having back surgery.

In Stouffville, you can try Advanced Bio-Structural Correction Spinal Care at the Elite Care Chiropractic – the office of low back pain and sciatica relief Chiropractor Zunaid Kagdi D.C.

Zunaid and his team of fully trained spinal care specialists have helped over 1,000 patients find relief from their agonising back pain and sciatica.

According to Zunaid, "We use a combination of ultra-advanced technology, for precisely diagnosing the cause of your

low back pain and sciatica; and a unique programme for reconstructing the damaged area causing the pain; this means long-term results for most people."

Because the treatment is non-surgical, safe and easy, most patients report an almost immediate relief from their pain.

Patient Sean M. from Richmond Hill says, "My back pain was unbearable but the worst thing was the searing burning pain I felt in my buttock and leg.

I couldn't work or do anything useful and the drugs my MD prescribed hardly did anything.

My wife insisted I respond to one of these ads, I thought it would be a total waste of time, but I'm so glad she kept on at me.

Thank god I called your number, I'm 95% better in just a couple of weeks."

Your invitation for a comprehensive consultation and examination to pinpoint the cause of your low back pain and sciatica...
