

ELECT

RICK UPTON

FOR COUNCILLOR WARD 4 A NEW EXPERIENCED VOICE FOR WARD 4

I believe that now more than ever Stouffville needs strong, experienced leadership. I have more than 30 years of business and corporate experience to get things done for you in an effective and efficient manner.

- I will increase participation of constituents on important issues by consulting, listening and acting on behalf of all residents.
- I will support traffic-calming initiatives and improved streets and sidewalks (Hoover Park & Mostar and Glad Park & Elm Road).
- I will increase funding for Arts & Culture, as less than 1% of the Stouffville Budget is allocated for its development and expansion.
- I will support the 55+ Club. They are pillars of our community and must have the facility they deserve.
