## THE FOREVER 10 DIAMOND - AS PERFECT AS SHE IS

At Barthau Jewellers, they know the key to remaining strong for over 25 years is proven product quality and customer service that is second to none. Located at 6312 Main Street, the shop that has made dreams come true for decades is now one of only three exclusive agents in Canada to carry the Forever 10 Diamond.

If the love of your life is fiery and perfect both inside and out, then the Forever 10 Diamond is as perfect as she is. Named Forever 10, the most brilliant diamond in the world is ideally cut and possesses a phenomenon of 10 Hearts and 10 Arrows. Found only in the highest quality diamonds, the Forever 10 will be admired for its outstanding brilliance, making it a perfect part of your future.

Barthau Jewellers works hard to bring you the latest technology.

Designing a ring shank that will not spin on your finger makes your diamond stay upright, ending the annoying twisting and turning.

Barthau Jewelers now offer a new engraving system that allows them to not only do the regular engraving of jewellery items, but can do multi lines of engraving on the inside of rings as well. Corporate logos on glass or leather items and gold foiling on leather and books or bibles are just another reason to visit the store where dreams come true.
