

# BUSINESS SHOWCASE 2003

## PET FOODS & SUPPLIES

Pet Valu has been serving the needs of Whitchurch Stouffville's animals for close to 10 years. In addition to a full range of food for cats, dogs, indoor birds and small animals, the store also carries toys, grooming products, stain removers and other pet accessories, including supplies for reptiles.

Not just for pets, Pet Valu is an excellent source of food for year round outdoor bird feeders.

Pet Valu gives back to the community through its donation of products to schools, nursing homes and other local organizations.

"The community is good to us so its part of our job to be good to them," states staff person Sue Gow.

A great selection of products combined with the extensive knowledge of longtime staff members Sue and Tania makes this a one stop pet shop.
