

Hundreds return home to visit with old school chums at SSDS Reunion

Wasn't that a party?

Around 1,400 alumni showed up for Stouffville District Secondary School's 50th Anniversary and Reunion, which took place July 2 weekend. The fun began with a wine and cheese get together Friday evening, with local winery Willow Springs providing and serving a fine selection of beverages. The school was beautifully decorated for the occasion, with a host of memorabilia to guide former staff and students down memory lane, and many well-known faces were seen around town throughout the weekend. Here's just a small sample of the people who visited - astute readers can have some fun trying to identify some of the familiar faces in the crowd. To see more photos visit www.sdssreunited.ca.
