

The good ship Bouwmeister sets sail

Yo ho ho! Approximately 140 guests showed up for the legendary Bouwmeister Bash, which took place on Gary Bouwmeister's beautiful property in late summer. The

theme was piratical, and everyone got into the spirit of things, with no reports of dissenters being made to walk the plank.

Long John Silver, before he became partially legless, poses with a fierce-looking pirate pal, while his ever-present companion, the enigmatic parrot, surveys the party scene.

Is it a fairy I see before me? This burly, golden-ringletted beauty dropped by to lend some heft to a rather lightweight costume at this summer's Bouwmeister Bash.

Step aside, Johnny Depp. This pirate takes a swig from a deadly-looking chalice in a swashbuckling manner guaranteed to outdo the *Pirates of the Caribbean* star.
