Fred Byer's John Deere Tractor Dealership as it looked in 1949.
The Giles family bought the property and it became
Giles Chevrolet Oldsmobile in 1959

Many people have moved to Stouffville to enjoy the friendly
atmosphere that only a small town offers where friends are neighbours.

One of your oldest neighbours in town has been on the corner of
Main Street and Fairview Ave. for 45 years not only looking after
automotive needs of the community, but supporting it through donations
and sponsorships of local events.

Giles Chevrolet Oldsmobile started as a small family business
in 1959 by the late J. Ross Giles who owned and operated it until 1983
when he passed it on to his son Duncan Giles who is the present owner
and operator with the help of sons Mark and Robert Giles.

Treating Customers as family has been the secret to our success.
Together with our professional and well trained staff we can handle
any of your automotive needs. So come in and see why we say...

"It's always a Great Day at Giles"

Saluting Stouffville's History...
